

## MSP Change 24 – Secure Flight Overflight Table

Flights in either direction between IATA Code 1 and IATA Code 2 are overflights for the purposes of Secure Flight. **Airport pairs in boldface type are additions since MSP Change 20.** NOTE: The attachment is designated Limited Distribution. The attachment has been posted on the Non-U.S. Air Carrier Web Board and can be shared with parties (for example, travel agents) that must submit Secure Flight Passenger Data for the foreign air carrier to comply with 49 CFR part 1560. This table will be updated periodically per MSP Change 24

# MSP Change 31 - Secure Flight Overflight Table

Added City Pairs are in **BOLD** type

Flights in either direction between IATA Code 1 and IATA Code 2 are overflights for the purposes of Secure Flight.

NOTE: The attachment has been posted on the Non-U.S. Air Carrier Web Board. This table will be updated periodically per MSP Change 24.

## SENSITIVE SECURITY INFORMATION

## MSP Change 28 – Secure Flight Overflight Table

Flights in either direction between IATA Code 1 and IATA Code 2 are overflights for the purposes of Secure Flight.

NOTE: The attachment is designated Sensitive Security Information. The attachment has been posted on the Non-U.S. Air Carrier Web Board. This table will be updated periodically per MSP Change 24. \*\*Airport pairs that are no longer valid will have the strike through effect - (~~PTY-AMS~~). Items in **bold** are new additions.
