JOHN H. GEAR
ELEVENTH GOVERNOR OF IOWA

Iowa in the Spanish War.*

When it became evident in the spring of 1898 that the controversy with Spain would result in war, the general assembly, at the suggestion of the governor, personally conveyed to the members, appropriated the sum of \$500,000, or so much thereof as might be necessary, to be used in the defense of the state and in aid of the National government in case of war.

In anticipation of a call from the president of the United States, the governor caused the regiments of the National Guard to be prepared for mobilization.

Following the declaration of war with Spain, the president issued a proclamation calling for 125,000 volunteers to serve three years, or during the war. On the same day the governor received the following telegram from the war department:

“WASHINGTON, D. C., April 25, 1898.

“*The Governor of Iowa, Des Moines, Iowa:*

“The number of troops from your state under the call of the president, dated April 23, 1898, will be three regiments of infantry and two light batteries artillery. It is the wish of the president that the regiments of the National Guard and state militia will be used as far as their numbers will permit, for the reason that they are armed, equipped and drilled. Please wire as early as possible what equipments, ammunition, arms, blankets, tents, etc., you have and what additional you will require. Please also state when troops will be ready for muster into United States service. Details to follow by mail.

R. A. ALGER,
Secretary of War.”

The governor replied as follows:

“DES MOINES, Iowa, April 25, 1898.

“*Hon R. A. Alger, Secretary of War, Washington, D. C.:*

“Your telegram received. Full quota will be mobilized at Des Moines, and ready to be mustered in May 2d. Adjutant-general will report equipments and needs.

LESLIE M. SHAW,
Governor of Iowa.”

* For official roster Iowa volunteers, see page 83.

The following order from the secretary of war was received by the governor, designating the number of men required to be furnished by the state of Iowa, and the branch of service to which they should belong:

To the Governor of Iowa:

SIR - Under the act of congress to provide for temporary increase in the military establishment of the United States in time of war, and for other purposes approved April 22, 1898, and called for 125,000 volunteers by direction of the president, I have the honor to request you to provide from your state the quota of volunteers as follows:

Three regiments of infantry and two light batteries to serve in the arms of the service designated for the period of three years, unless sooner discharged. Attached will be found a statement showing the organization for artillery, cavalry, and infantry. Please cause the adjutant-general of the army to be informed of the time your quota will be at its rendezvous, as it will be met as soon as practicable thereafter by an officer to muster it into the service and pay of the United States. The mustering officer will be instructed to receive no men under the rank of commissioned officers who is in years over 45 or under 18, or is not in physical strength and vigor. As soon as mustered into the U. S. service, it is the intention that the troops from your state shall be assembled with others for instruction and service under direction of the major-general commanding the army, at some point or points to be designated hereafter. It is desired for reasons stated in telegram of this date that, as far as practicable, the National Guard be given the preference.

The rendezvous for your state will be Des Moines. If from any cause it is found necessary to change point of concentration, your recommendation is requested.

Bands will be organized from the strength of regiments as in the regular army, viz.: See par. 245, A. R.

Very respectfully,

R. A. ALGER,
Secretary of War.

The several regiments of the National Guard were promptly ordered to Des Moines, where they were all in camp on the following Wednesday, April 27. The State fair grounds, admirably adapted to the purpose, and well supplied with good water, were selected for the rendezvous, and styled Camp McKinley.

The army surgeon assigned to superintend the physical examination of the men being stationed at a distant post when the assignment was made, the examination was much delayed. Notwithstanding these delays, the Fiftieth regiment, which was the second I. N. G., left the state for Jacksonville, Fla., under command of Col. Douglas V. Jackson, twenty-one days after its arrival in Des Moines.

Meantime the war department modified its first call so as to accept all four regiments of the Iowa National Guard, recruited to a strength of between 800 and 900 men, in place of the three regiments and two batteries, as appears from the following:

“ WASHINGTON, D. C., April 30, 1898.

Governor of Iowa, Des Moines, Iowa:

Your apportionment is three regiments of infantry and two light batteries, total maximum strength of all grades, commissioned, non-commissioned and enlisted, of 3,328. I now authorize this change to four regiments of infantry, each composed of eighteen field, staff and non-commissioned staff officers, twelve companies, each composed of three officers and sixty-five enlisted men, total aggregate strength of all grades 3,336, and no more.

R. A. ALGER,
Secretary of War.”

The regiments when called upon for active service had substantially a full set of officers. Some vacancies occurred, owing partially to failure of officers to pass the required examination. In filling these vacancies the governor commissioned those named therefor in the manner provided by law for the selection of officers of the Iowa National Guard.

The Fifty-second left Camp McKinley May 29th, and proceeded to the camp at Chickamauga, in Georgia. June 5th the Fifty-first started for San Francisco, and on the 9th the Forty-ninth left Camp McKinley, going direct to Florida.

In designating the regiments it was decided to make their numbers a continuation of the series of the civil war. In that conflict the numbers of the infantry regiments reached forty-eight, there having been forty-four full regiments, two battalions, and two regiments that were numbered but were never completed and organized. the recruits therefor going, with one of the battalions, into the Seventh Iowa cavalry. The first regiment of the National Guard, accordingly, went into the service of the United States as the Forty-ninth Iowa Infantry Volunteers, the other regiments taking number in the volunteer service in the same order.

Before all the regiments left the state a second call for 75,000 volunteers was issued by the president, Iowa's quota under this call being a force equivalent to two regiments of similar size to those already organized.

There being some doubt regarding the manner of filling this additional quota, the following correspondence ensued with the war department:

WASHINGTON, D. C., May 28, 1898.

Governor of Iowa, Des Moines, Iowa:

It is estimated that about 1,968 enlisted men will be required to fill to the maximum the organizations already in service from your state. It is desired to know how far you will be able to furnish the above number.

R. A. ALGER,
Secretary of War.

The following is the reply:

DES MOINES, Iowa, May 28, 1898.

Hon. R. A. Alger, Washington, D. C.:

Your telegram of even date received. Can promptly furnish 1,968 men to fill present organizations to maximum, and any number of new organizations of same strength, officered with experienced men.

L. M. SHAW,
Governor of Iowa.

About the same time, in answer to a telegram of inquiry, the governor reported by wire as follows:

"The National Guard organizations of Iowa having been provided for and accepted, the Hawkeye state stands ready to promptly meet every demand made upon her, and in the manner asked, from a squad to an army corps."

The department then proceeded to fill the regiments already organized, and recruiting officers for that purpose were stationed in different parts of the state. In a few weeks more the regiments were filled up to the new maximum, or over 1,300 each.

While the recruiting was going on, the following was received from the department:

WASHINGTON, D. C., June 18, 1898.

Governor of Iowa, Des Moines, Iowa:

Under the president's second call, May 25, 1898, after filling to the maximum the organizations already in the U. S. service from your state, you are requested to furnish two batteries of light artillery, each to consist of one captain, one first lieutenant, one second lieutenant, one first sergeant, one quartermaster sergeant, one veterinary sergeant, six sergeants, nine corporals, two farriers, two artificers, one saddler, two musicians, one wagoner, eighty privates. * * *

R. A. ALGER,
Secretary of War.

These batteries were soon recruited to the full strength, with more men trying to get in.

In August the governor, accompanied by the adjutant-general, visited the camps successively of the Fifty-second, Forty-ninth and Fiftieth regiments. The soldiers' quarters and the hospitals were closely inspected, the supplies of food and water looked into, and inquiry was made into the needs of the men. On his way

home the governor went to Washington, where he called upon the president and at the war department, spending some time at the office of the surgeon-general, making representations as to the condition and needs of the troops and hospitals, with suggestions such as subsequent happenings showed were not without effect.

The adjutant-general, under orders from the governor, subsequently visited the camp of the Fifty-first regiment at San Francisco, where some time was spent in like careful inspection and scrutiny of the conditions, sanitary and otherwise. Similar regard was had throughout to the needs of the troops in the several commands, and every requisition from any of them, or on their part, looking to the comfort and convenience of the troops, was promptly met.

While the regiments were yet in camp Spain announced her readiness to make peace, and it soon became evident that there would be no fighting, at least with the troops of Spain. Many of the volunteers in the Iowa regiments, as well as in those from other states, became impatient for release from the service and a return to their homes. The war department, having decided to make a reduction in the volunteer force, ordered home for muster out the Fifty-second, and soon afterwards the Fiftieth.

As the experience of the Iowa troops in the present war, like that of ninety per cent of all volunteer forces, has been mainly in camp, they have had little opportunity to illustrate anew the valor of the men of Iowa. Had such an opportunity offered itself there is no doubt that they would have acquitted themselves as creditably as did the men of a former generation throughout a struggle of four years.

While losing none at all in battle so far as yet known, the Iowa troops have lost many noble men by disease—about 2½ per cent of their number having succumbed thus to the destroyer. Yet, severe as it was, it is a rate of mortality less than half that of the Iowa regiments from the same causes in the civil war within the same period after they respectively entered the service of the United States.

As illustrative of the patriotic spirit of the Iowa troops, the following extracts from correspondence between Governor Shaw and the war department may be of sufficient interest to justify their publication.

On August 18, 1898, the following letter was sent:

"Hon Russell A. Alger, Secretary of War, Washington, D. C.:

"DEAR SIR—I wired you yesterday with reference to the discharge or removal of the Fifty-second Iowa. I did this because of a telegram received from the colonel of the regiment, as follows: 'Conditions here have changed very much for the worse since you were here. No apparent cause except climate and water. Would recommend removal of regiment to some other point immediately. Fifty sick men leave here by special sleeper to-night for Iowa. Two hundred fourteen on sick report this morning.' I am this day in receipt of a letter from the colonel, in which he refers to the grand parade which was had recently at Camp Thomas, and in which he manifests commendable pride in the fact that the Fifty-second Iowa was given the credit of being the best regiment out of the 40,000 troops, and that no mention was made of any other regiment in any of the local papers or reports.

"It seems too bad to discharge such a regiment. It would be worse to allow them to become crippled in usefulness. The colonel says in his letter, 'It is my earnest endeavor to bring this regiment through the war with credit to the great state of Iowa, and that I may be competent to do so with as little loss as possible will be reward enough for me.' Such an officer ought to be retained. Would it not be possible to remove this regiment to some other camp immediately? Do if you can, by all means. A removal of the camp or a prolonged furlough would be preferable to a discharge. I wish you would give it your personal attention.

"Yours very sincerely,

The regiment was ordered discharged, and some days later the Fiftieth Iowa was also designated by the department to be mustered out. So much sickness existed among the troops, coupled with the fact that the protocol had been signed, and there was no probability that the troops would see actual service, mass meetings were held in various parts of the state, and the governor, as well as congressmen, were flooded with letters urging the discharge of the two remaining Iowa regiments. In obedience to these requests, Governor Shaw, Senator William B. Allison and Congressman Robert G. Cousins went to Washington to ascertain the purpose and plans of the department, that the question might be finally determined and the regiments discharged, if not actually needed. Both Secretary Alger and President McKinley were called upon and assured that while Iowa was anxious for the return of her sons, and her sons equally anxious to be returned,

neither Iowa nor the Iowa troops desired discharge until such time as the government could safely spare them.

Before Governor Shaw left Washington, Lieut.-Col. Clifford D. Ham, of the Forty-ninth Iowa came to Washington in behalf of that regiment, to protest against any political interference with the plans of the department. While this was unnecessary, because no political pressure was attempted, yet it no less manifested a commendable spirit on the part of the regiment. He met President McKinley and expressed to him the wish of the regiment; but was unable to meet Secretary Alger for the reason that he had at that time returned to his home in Michigan.

On Governor Shaw's return to Des Moines he found awaiting him a letter from Capt. William H. Keating, of the Fifty-first Iowa, and thereupon the following correspondence occurred:

“DES MOINES, Iowa, September 12, 1898.

“*To His Excellency, Hon. Wilham McKinley, Washington, D. C.:*

“MY DEAR SIR—On my return home I find a letter from one of the officers of the Fifty-first Iowa, now at San Francisco, expressing the same thought and manifesting the same spirit expressed by Col. Clifford D. Ham, of the Forty-ninth Iowa, whom I introduced to you. After stating that the regiment would have been pleased had it been their lot to have been mustered out, he says, ‘We all enlisted in the service in good faith, and I do not believe there are a dozen men in the entire Fifty-first regiment who would sign a petition to be mustered out or to remain, but all have concluded that they entered the service for the purpose of serving their country, and when the government is through with us we will be glad to get home.’ The letter closes with this patriotic statement: ‘We all held up our hands and vowed to serve the United States in this capacity for two years, unless sooner discharged, and the sentiment of every man and officer of the Fifty-first is to do his duty and abide by the wishes of the government.’ These sentiments are so highly appreciated by me that I could not resist the inclination to assure you of the real attitude and spirit of the two remaining regiments of Iowa troops. The regiments discharged would have manifested the same patriotism and soldierly bearing, had it been their lot to remain. Very sincerely yours,

To this the president replied as follows:

“WASHINGTON, September 15, 1898.

“DEAR GOVERNOR SHAW—Your letter of the 12th instant is received and I have read it with a great deal of interest and

pleasure. The patriotic sentiments of the Iowa regiments are most gratifying to me and I beg that you will accept my thanks for your thoughtfulness and courtesy in bringing them to my attention. With best wishes, believe me, Sincerely yours,

"Hon. Leslie M. Shaw, Governor, Des Moines, Iowa."

The following letter was also sent to Secretary Alger:

"Gen. Russell A. Alger, Detroit, Mich.:

"MY DEAR SIR—The morning following our interview with you at Washington, on the eve of your departure, we called upon the president, who announced the same decision as expressed by you, that the Forty-ninth and Fifty-first Iowa Infantry Volunteers would be retained for service. I told him, as I did to you, that 'I did not wish to be misunderstood. When the department called for troops the state of Iowa promptly furnished her entire quota, and begged for the privilege of furnishing more; and while we would be glad at any time to receive our boys back, we were not disposed to recall the sacrifice; that the regiments in the service were at his disposal and Iowa still stood ready to furnish any number of additional regiments if they should be needed.' Before leaving Washington, Lieut.-Col. Clifford D. Ham, of the Forty-ninth Iowa, arrived from Jacksonville. A rumor had reached the regiment that Senator Allison, Congressman Cousins and myself were at Washington seeking to have the order modified so as to permit the discharge of the Forty-ninth Iowa. They had sent Colonel Ham to protest against any attempted interference in their behalf. He said that both the officers and men would have been pleased had it been their lot to have been discharged, but that they were soldiers and had no wish to express, but proposed to serve their country so long as needed. On my return home I received a letter from a captain in the Fifty-first Iowa at San Francisco full of the same patriotic sentiments and from which I quote as follows: 'We all enlisted in the service in good faith, and I do not believe there are a dozen men in the entire Fifty-first regiment who would sign a petition to be mustered out or to remain. All have concluded that they have entered the service for the purpose of serving their country, and when the government is through with us we will be glad to get home.' He closes his letter as follows: 'We all held up our hands and vowed to serve the United States in this capacity for two years unless sooner discharged, and the sentiment of every man and officer of the Fifty-first is to do his

duty and abide by the wishes of the government.' I cannot resist the inclination to give you this assurance of the obedient and soldierly attitude of the two remaining regiments. Had the order been reversed the Fiftieth and the Fifty-second now ordered home would have been equally patriotic and would have shown themselves equally worthy to wear the uniform of their country.

"With kind personal regards, I remain,

"Yours sincerely,

The following is Secretary Alger's reply:

"DETROIT, Mich., September 15, 1898.

"MY DEAR GOVERNOR—I have yours of the 12th inst., and have read it with much gratification. Surely no state has been more patriotic than the state of Iowa, and no governor has cared for his troops better than you. Sincerely yours,

A handwritten signature in cursive script that reads "Arthur H. Alger". The signature is highly stylized and somewhat difficult to decipher due to its fluid, overlapping loops.

Every person practicing medicine in the state is required to procure a certificate from this board.

The board is authorized to issue two classes of certificates: *First*, to *physicians*, under sections 2576 and 2582 of the code; and, *second*, to *Osteopaths*, under chapter 69, laws Twenty-seventh General Assembly.

COMMISSIONERS OF PHARMACY.

TERMS EXPIRE.

<i>President.</i> —FLETCHER HOWARD, Des Moines.....	April 23, 1899
<i>Vice-President.</i> —W. L. LELAND, Hawarden.....	April 23, 1900
N. T. HENDRIX, Col. Junction.....	April 23, 1901
<i>Secretary</i> —CHARLES W. PHILLIPS, Jackson county; postoffice, Des Moines.	

Members of the board are appointed for a term of three years, one member each year. Every person who shall desire to conduct the business of selling at retail, compounding or dispensing drugs, etc., for medical use, must first be examined by said board and their names registered in a book kept by the board for that purpose, showing also his residence, together with the date of issuing certificate.

Fee for examination and certificate, \$5.

Graduates of recognized schools of pharmacy may be registered without examination. Fee for registration and certificate, without examination, \$2.

The following law relates to itinerant vendor's license:

SEC. 2594. Itinerant vendors of drugs. Any itinerant vendor of any drug, nostrum, ointment, or appliance of any kind for the treatment of any disease or injury, and all those who by any method publicly profess to treat or cure diseases, injury, or deformity, shall pay to the treasurer of the commission of pharmacy an annual fee of one hundred dollars, upon the receipt of which the secretary of the commission shall issue a license for one year from its date. Two thousand dollars annually of the money arising from the license fund, or so much as may be needed, shall be devoted to defraying the expenses of the commission, and any balance remaining shall be paid into the state treasury. Said commission shall, on the first day of January of each year, make a verified and itemized statement in writing to the auditor of state, of all receipts and expenditures of money coming into their hands by virtue of their office. Any violation of this section shall be a misdemeanor, and any person shall, upon conviction thereof, pay a fine of not less than one hundred dollars, nor more than two hundred dollars. In actions or prosecutions under this chapter, it need not be proven that the defendant has not a license, but such fact shall be a matter of defense.

EDUCATIONAL BOARD OF EXAMINERS.

President.—RICHARD C. BARRETT, A. M., State Superintendent of Public Instruction, *ex officio*.

Secretary—HELEN ELLIOTT, PH. M., Ottumwa.

Members of the Board—

HISTORICAL DEPARTMENT.

Board of Trustees.—GOV. L. M. SHAW.

Chief Justice G. S. ROBINSON.	Judge JOSIAH GIVEN.
Judge C. T. GRANGER.	Judge C. M. WATERMAN.
Judge H. E. DEEMER.	Judge SCOTT M. LADD.
Hon. G. L. DOBSON, Secretary of State.	
Hon. R. C. BARRETT, Superintendent of Public Instruction.	
CHARLES ALDRICH, A. M., <i>Curator and Secretary.</i>	

As now organized, this department dates from the first day of July, 1892. Its chief purpose is the collection of historical data relating to our own state and the vast territory of which it originally formed a part. So far as literature is concerned, especial efforts are being made to collect Iowa newspapers from the earliest dates to the present time, works of state and general western and national history, works on the slavery question and the war for the Union, histories of all our wars from the earliest times, reports upon the census of both state and nation, works relating to the North American Indians, county histories, directories of cities and towns, earlier and later maps, Iowa pamphlets, biographies of our notable men and women, printed or in manuscript; written or printed documents relating to early settlers and settlements, reports, catalogues, circulars and broadsides relating to the churches, educational and benevolent institutions of the state; in short, every species of data which can throw light upon local, state, or western history.

The department publishes THE ANNALS OF IOWA, a quarterly historical magazine of eighty pages, which will enter upon its seventh year with the number for April, 1899. This is made up of original contributions in history and biography. By direction of the trustees it is sent free to every organized library in our state. Its price to subscribers is \$1 per year.

A considerable collection of museum materials, military relics and mementoes, specimens in archaeology, geology, mineralogy and natural history, has been made and placed on exhibition.

The department has secured thirty fine oil portraits of distinguished Iowans, most of which have been placed temporarily in other rooms of the capitol. As works of art, many of these rank very high. Several more are promised in the near future.

The historical department is supported by a permanent appropriation of \$6,000 per annum.

Up to November 1, 1898, the collections of the department included the following:

Bound volumes of newspapers.....	1,825
Newspapers and periodicals coming to the department.....	364
Total number of books in the library	4,804
Total number of pamphlets in the library.....	4,015

Also a large collection of autograph letters, manuscripts and portraits of notable people in all parts of the world.

An act of the Twenty-sixth General Assembly authorized the executive council to procure a site for and proceed to the erection of a state historical building for these rapidly accumulating collections. That body, however, appropriated only \$25,000, stipulating that this sum should complete the structure. The council, deeming the appropriation inadequate for this purpose, procured a site but proceeded no further, relegating the matter to the Twenty-seventh General Assembly (1898). This latter body increased the appropriation \$30,000. It also provided that the site which had cost \$4,300 should be held as the site for the arsenal, and that the sum of \$15,000, to be realized from the sale to the city of the old arsenal property, should be devoted to the purchase of a new site for the historical building. The council, upon the approval of this act, proceeded to purchase a site on the northeast corner of Eleventh street and Grand avenue, and let the contract for the erection of the west wing of the proposed structure, which is to be completed October 1, 1899. At the date of this writing (December 22, 1898) the foundation has been completed. The corner stone will be laid in the spring of 1899.

PART II.
STATE INSTITUTIONS.

BOARD OF CONTROL OF STATE INSTITUTIONS.

MEMBERS.

	TERM.
WILLIAM LARRABEE, <i>Chairman</i> , of Clermont.....	Two years
L. G. KINNE, of Des Moines.....	Four years
JOHN COWNIE, of South Amara.....	Six years
L. A. WILKINSON, <i>Secretary</i> , Des Moines.	
HENRY F. LIEBBE, <i>Architect</i> , Des Moines.	

The Board of Control of State Institutions was created under the provisions of chapter 118, laws of the Twenty-seventh General Assembly, with full power to manage, control and govern, subject only to the limitations contained in the act, the following named institutions:

- The Soldiers' home, at Marshalltown.
- Hospital for the Insane, at Independence.
- Hospital for the Insane, at Mt. Pleasant.
- Hospital for the Insane, at Clarinda
- Hospital for the Insane, at Cherokee (in course of construction).
- College for the Blind, at Vinton.
- School for the Deaf, at Council Bluffs.
- Institution for Feeble-Minded Children, at Glenwood.
- Soldiers' Orphans' home, at Davenport.
- Industrial Home for the Blind, at Knoxville.
- Industrial School for Boys, at Eldora.
- Industrial School for Girls, at Mitchellville.
- Penitentiary, at Anamosa.
- Penitentiary, at Ft. Madison.

The board is also required to investigate thoroughly the reports and doings of the regents of the State university, the trustees of the State Normal school, and the State College of Agriculture and Mechanic Arts, and the books and records of said institutions.

Prior to July 1, 1898, the foregoing institutions, except the penitentiaries, were in charge of separate boards, each of which had its officers, and each had a secretary and treasurer.

The Board of Control was organized on April 6, 1898, and took full control, as provided by statute, on July 1, 1898, of the institu-

tions heretofore named. At that time the various boards of trustees and commissioners ceased to exist.

The office of the several treasurers terminated at the same time, and all funds were turned over to the state treasurer, July 1, 1898.

The following data are furnished at the close of the first six months' work:

Number of patients in hospitals	2,645
Number of convicts in penitentiaries	1,140
Number of pupils in industrial schools, boys, 493; girls, 171; total.....	664
Number of pupils in College for the Blind.....	161
Number of pupils in School for the Deaf.....	281
Number of children in Orphans' home.....	456
Number of inmates in Institution for Feeble-Minded Children	795
Number of inmates in Industrial Home for Blind.....	50
Number of members at Soldiers' home.....	601
Total.....	6,793
Number of employes in all institutions	1,041
Paid for wages, salaries and support, six months end- ing January 1, 1899.....	\$435,896.01

The board publishes quarterly a bulletin of over a hundred pages, devoted to the scientific investigation of the treatment of insanity and epilepsy, and the feeble-minded, and information embodying the experience of soldiers' homes, charitable, reformatory and penal institutions in this and other countries, it being the intention of the board to keep in touch with the best thought and judgment of the age.

As provided by law, under the direction of the board, the institutions under its control are supplied with goods for their support on competitive bids, thus procuring proper supplies at the lowest market prices. An opportunity to bid is afforded anyone who indicates a desire to the board.

The board visits and inspects each institution under its control at least twice each year, and oftener if necessary. Some member of the board visits and thoroughly inspects each hospital for the insane once each month.

The Iowa Experiment Station was established in accordance with an act of congress, approved March 2, 1887, for the purpose of aiding "in acquiring and diffusing among the people of the United States useful and practical information on subjects connected with agriculture, and to promote scientific investigation and experiments respecting the principles and applications of agricultural science," under direction of the land grant colleges in each state and territory established by the act of 1862 creating such colleges. This act appropriated to each state and territory, for the purpose of agricultural investigation, the sum of \$15,000 annually, and the experiment stations were thus established as a department of the land grant colleges. They are subject to the regulations of the United States department of agriculture, and are regularly inspected by officers of that department. The results of these investigations and experiments in agriculture, including live stock and all related branches, are published in bulletins issued by the experiment stations quarterly or oftener, and distributed free to all residents of the respective states who apply for them. The work of the Iowa Experiment Station along these lines has proved extremely popular, and met with favor in all parts of the state and nation, and many foreign countries as well. The report of some of its experiments have been republished entire by foreign governments, and the demand for bulletins is so large that applicants outside of the state can no longer be supplied. These bulletins are free to farmers and citizens of Iowa.

HISTORICAL—The State Normal school was established in 1876. Its province is the special education and training of public school teachers. It opened its first session September 6, 1876, with a faculty of five members. It enrolled, the first year, 155 students. At present the school has thirty-eight members in the faculty, and the year 1897-98 enrolled 1,492 teacher grade students and 278 pupils in the model or training school. During the twenty-two years it has graduated 1,436 persons, 825 of these belonging to the last six classes. The school is in no sense a duplicate of other educational institutions, as it devotes itself exclusively to educating teachers, and sends out annually 700 different persons to work in the state, 200 of them being graduates of some one of its several courses.

COURSES OF STUDY.—The courses of study are conformed to the statute requirements for state certificates and state diplomas, giving considerable choice of subjects in language and science, so far as the amount to be taken is required. These courses are named English, Latin or science, according to the attention given to these several lines. These courses are of such character as to enable students to continue courses in the colleges and the universities after graduation without loss of time, excepting such time as the professional work in teaching has required.

A course in primary teacher training, a course in physical culture, and a course in professional studies for college graduates are also provided. Every line of preparation essential to public school teaching is provided. Opportunities to get instruction in all varieties of musical study are abundantly provided, as glee clubs, a choral society, a band, an orchestra and a mandolin and guitar club are constantly maintained.

CONDITIONS OF ADMISSION—

1. Regular courses, the minimum scholarship required for a county certificate. High school graduate courses, completion of a four-year course.
2. Age, at least 16 years.
3. Intention to teach in Iowa.

EXPENSES.—A fee of \$5 for a term of twelve weeks.

 SOLDIERS' HOME—MARSHALLTOWN.

Commandant.—C. C. HORTON.

Adjutant.—B. F. WARFEL.

Quartermaster.—B. A. BEESON.

Surgeon.—H. P. DUFFIELD.

Matron.—MARY H MILLER.

Chief Engineer.—C. A. DUNHAM.

The average number of members on the rolls each year, ending June 30th, is as follows:

For 1888.....	140
For 1889.....	258
For 1890.....	349
For 1891.....	432
For 1892.....	426
For 1893 (including four women).....	376
For 1894 (including seven women).....	404
For 1895 (including twelve women).....	516
For 1896 (including twenty-seven women).....	605
For 1897 (including twenty-eight women).....	632
For 1898.....	516

The United States government pays to the state of Iowa the sum of \$100 per year for each inmate of the Soldiers' home, which amount is used as a part of the support fund of the institution. Inmates of the home who receive a pension in excess of \$6 per month are required to turn over such excess to the state. One-half of this excess is then deducted from the amount allowed by the United States government for the support of such inmate.

Persons who have property or means for their support, or who draw a pension sufficient therefor, will not be admitted to the home; and if, after admission, an inmate of the home shall receive a pension, or other means sufficient for his support, or shall recover

his health so as to enable him to support himself, he will be discharged from the home.

Regular appropriation by the state is \$14 per month for each inmate.

SOLDIERS' ORPHANS' HOME—DAVENPORT.

Superintendent.—M. T. GASS.

Physician.—WILLIAM L. ALLEN.

Steward.—H. E. POWNALL.

Matron.—GRACE I. GASS.

There is in connection with this institution a school building, pleasant, commodious and well lighted, and it is the policy of the board to have the course of instruction of the highest standard. A kindergarten is operated in connection for the very young pupils

The average number in the home the past year was 466. The age limit beyond which children are not kept in the home is 16 years for girls and 18 years for boys. Less than 20 per cent remain to the age limit.

A library of well-selected juvenile literature is a source of pleasure and profitable entertainment to the children, as from necessity the pastimes and pleasures of the children are otherwise somewhat circumscribed; we feel that they should be well supplied with good books and reading matter of suitable character for their improvement and enjoyment.

It is the aim to provide the children with plenty of good comfortable clothing, and to have them taught to take good care of the same. Their clothing is all manufactured at the home, the large girls assisting in its manufacture. The table is supplied with a good variety of plain, wholesome food, and a reasonable amount of luxuries, and when the funds of the different appropriations fail the support fund has to make up the deficiency, which necessarily causes a reduction of the luxuries from the table that are so much enjoyed by the children.

The home is supported by a regular appropriation of \$10 per month for each inmate, and the actual transportation charges of

inmates to and from the institution. Each county is liable to the state for the support of its children, except soldiers' orphans, who are cared for at the expense of the state.

COLLEGE FOR THE BLIND - VINTON.

Superintendent.—T. F. MCCUNE.

Physician.—C. C. GRIFFIN.

Steward.—W. W. BARKDOLL.

Matron.—MARY E. LOY.

Appropriation by the Twenty-seventh General Assembly:

For water-closets and sewerage system.....	\$4,000
For contingent and repair fund.....	2,500
For furniture and bedding.....	500

There is a regular annual appropriation for this institution of \$10,000 with which to pay teachers and meet contingent expenses, and a further appropriation for support of \$35 per quarter for each pupil.

The school term begins on the first Wednesday in September and ends about the third week in June. It is desirable that the students enter at the first and remain until the close. They may, however, be admitted at any time, and they are at liberty to go home whenever their parents send for them.

The department of music is supplied with twenty-three pianos, one pipe organ, several cabinet organs and a sufficient number of violins, guitars, bass viols and brass instruments. Every student capable of receiving it is given a complete course in this branch.

In the industrial department the girls are required to learn knitting, crocheting, fancy work, hand and machine sewing; the boys, netting, mattress making and cane seating. Those of either sex, who so desire, may learn carpet weaving.

These advantages are free to every person, either blind or of defective vision, and of suitable school age and capacity, in the state. All that the friends are expected to do is to pay the traveling expenses and furnish clothing. If they are unable to clothe the pupil, the necessary clothing will be furnished here and the bill sent to the county from which the pupil comes.

INDUSTRIAL HOME FOR THE BLIND—KNOXVILLE.

Matron.—M. F. CULBERTSON.

Appropriation by the Twenty-seventh General Assembly:

For salary and subsistence fund.....	\$12,000
For manufacturing fund.....	4,000
For contingent fund.....	3,000

The Industrial Home for the Blind was established by an act of the Twenty-third General Assembly. Under the provision of this act the governor appointed a board of commissioners to select a location and superintend the construction of the buildings. Knoxville, Marion county, was selected as the site for the home, and by January 1, 1892, it was open for the admission of inmates.

The object of the institution is for the instruction of the adult blind of the state in some suitable trade or vocation and to furnish a working home for such blind as have learned a trade or vocation and desire to remain or be employed therein. It is open to every such blind person who has a legal residence in the state and is physically and mentally able to perform such labor as may be required in the trade or vocation carried on therein; each inmate being subject to such reasonable rules and regulations as may be adopted by the board of trustees for the government of the same. Broom making is the principal industry. Hammocks and nets are also made. All assignments of duty and allotment of work are made upon a basis of adaptation. Each works at that for which he is specially fitted, and is paid what he earns a regular schedule of wages being paid for all labor done by the inmates.

For repairs gas furnace and gas house.....	500
For increase of water supply in artesian wells.....	2,000

There is a regular appropriation for this institution of \$18,000 for the payment of officers' and teachers' salaries, and \$35 per quarter for each pupil as a support fund.

This institution is free to all too deaf to be educated in the common schools, sound in mind and free from immoral habits and from contagious and offensive diseases. No charge for board or tuition.

The session of the school begins the 1st day of October and continues until the last day of June of each year. Pupils should come promptly at the beginning and remain until the end of the session.

IOWA INSTITUTION FOR FEEBLE-MINDED CHILDREN—
GLENWOOD.

Superintendent.—F. M. POWELL.

Physician and Assistant Superintendent.—GEORGE MOGRIDGE.

Steward.—H. W. WRIGHT.

Matron.—L. M. POWELL.

Appropriation by the Twenty-seventh General Assembly:

For repairing boiler house and constructing coal sheds....	\$1,000
For contingent and repair fund.....	3,500
For fire escapes to extensions of custodial building.....	400
For school supplies.....	300
For bedding supplies.....	800
For improvement water supply system.....	3,000

There is a regular appropriation for this institution of \$12 per month for each inmate.

August 29, 1896, the main or administrative building was destroyed by fire, caused by lightning. The executive council, under provision 120 of the code, made provisions for the immediate enclosure of a part of this building for temporary use, by appropriating for that purpose \$40,000. The Twenty-sixth General Assembly, in extra session, appropriated a further sum of \$72,900 to complete the reconstruction of this building. These buildings are now completed, and the institution is in better condition than at any time since its inception.

The purposes or objects of the institution are to provide special methods of training for that class of children deficient in mind or marked with such peculiarities as to deprive them of the benefits and privileges provided for children with normal faculties. The object is to make each child as nearly self supporting as practicable, and to approach as near as possible the movements and actions of normal people. It further aims to provide a home for those who are not susceptible of mental culture, relying wholly on others to supply their simple wants.

IOWA INDUSTRIAL SCHOOL.

BOYS' DEPARTMENT—ELDORA.

Superintendent.—B. J. MILES.

Steward.—H. B. HUMPHRIES.

Physician.—W. E. WHITNEY.

Matron.—BELLE C. MILES.

Appropriation by Twenty-seventh General Assembly.

For extension of waterworks.....	\$1,500
For contingent and repair fund.....	1,000
For chaplain fund.....	200
For library and school book fund.....	200

There is appropriated for the support of these schools the sum of \$9 monthly for each boy, and \$10 monthly for each girl inmate.

The object of the institution is the reformation of juvenile delinquents. It is not a prison. It is a compulsory educational institution. It is a school, where wayward, and criminal boys and girls, are brought under the influence of Christian instructors, and taught by example, as well as precept, the better ways of life. It is a training school, where the moral, intellectual and industrial education of the child, is carried on, at one and the same time.

Any boy or girl, over 7 and under 16 years of age, who has become criminal, vagrant, or incorrigible, may be committed to this school by any court of record. Any boy or girl may be discharged, or paroled from the school, at any time after one year's training, upon satisfactory evidence of reformation.

FIFTY-FIRST REGIMENT INFANTRY IOWA VOL-
UNTEERS.

Was mustered into the United States service May 30, 1898, at Des Moines; left Des Moines for San Francisco, Cal., June 5, 1898; left San Francisco for Honolulu November 3, 1898; arrived in Honolulu November 12th; left Honolulu November 16, 1898, for Manila, and arrived at its destination on the 8th of December, but not to land. On the contrary, the transport on which the regiment crossed the ocean subsequently took it to Hilo, Here, too, the regiment remained on shipboard, and in the month of February returned to the Island of Luzon, where it went into camp and became the garrison of Cavite, with one battalion, however, detached to General Owenshine's brigade.

In addition to the troops furnished by the state, there were two companies from Iowa, recruited directly into the United States service.

Capt. Frank E. Lyman, of Des Moines, was appointed to recruit fifty men for the signal corps of the United States Volunteer army. The enlistments were completed June 19, 1898, and on June 25th the company started to Washington, D. C. This company is still in service.

Capt. Amos W. Brandt, of Des Moines, was appointed to recruit a company of immunes (colored) for the Seventh United States Volunteer infantry. This company was organized and left Des Moines July 17, 1898, going to Jefferson Barracks, Mo., where it was mustered into the United States service July 23, 1898, becoming Company M, Seventh Regiment Infantry U. S. volunteers.

AMOS W. BRANDT, *Captain.*

EDWARD G. MCAFEE, *First Lieutenant.*

ROBERT A. WILBURN, *Second Lieutenant.*

From Jefferson barracks the company moved to Lexington, Ky., and thence to Macon, Ga., where it was mustered out of service February 28, 1899.

PART III.
TRANSACTIONS
EXECUTIVE COUNCIL.

TRANSACTIONS EXECUTIVE COUNCIL.

FROM OCTOBER 1, 1897, TO JANUARY 1, 1899.

TRANS-MISSISSIPPI EXPOSITION.

On October 12, 1897, the commission were authorized to use \$250 for contingent expenses. On January 11, 1898, the council officially stated that Iowa should be creditably represented at the exposition. April 6, 1898, F. N. Chase resigned as member of the Trans-Mississippi Exposition commission. J. F. Merry, of Delaware county, was appointed member of the commission to fill the vacancy caused by the resignation of F. N. Chase. On this date the council approved the expenditure of \$8,000 for the purpose of constructing a state building; \$1,070 for furnishing the same; \$5,500 for the exhibit in the agricultural building; \$1,500 for the exhibit in the horticultural building; \$2,000 for music; \$2,000 for the proper celebration of Iowa days; \$4,800 for commissioners' expenses and incidentals; \$2,800 for the secretary, his assistants and incidental office expenses; \$2,625 for clerical and miscellaneous help; and \$1,500 for sinking fund.

HISTORICAL AND MEMORIAL BUILDING.

On November 6, 1897, all bids for construction of the historical building were rejected by the council on the ground of insufficient appropriation, and the matter was referred to the Twenty-seventh General Assembly. (The general assembly made an additional appropriation of \$30,000 to construct the building, and authorized the sale of the lots occupied by the state arsenal for the sum of \$15,000, which sum was to be used to purchase a site for the historical building.) The council on June 7, 1898, purchased lots 1, 2, 3, 4 and 5, block 5, H. Lyon's addition to East Des Moines, as a site for the historical building, for the sum of \$15,000. In accordance with instructions from the council, Architect O. O. Smith submitted plans and specifications for the west wing of the building, and on July 11th the architect was authorized to advertise for bids for the construction of the building in accordance with plans submitted. On August 12th bids were opened and the con-

tract for construction was let to the Capital City Brick and Pipe company, of Des Moines, for the sum of \$44,275. The contract for grading the grounds for the building was awarded to J. M. Stewart, of Des Moines, for \$893.65, and the contract for plumbing and heating was awarded to Davenport Steam Heating company, of Davenport, for the sum of \$2,747.

SOLDIERS' AND SAILORS' MONUMENT.

On January 4, 1898, the last payment was made to the American Bronze company for work on the soldiers' and sailors' monument, amounting to \$164.35. It was deemed advisable to change some of the figures on the monument and the contract for the work was let to the Capital City Brick and Pipe company.

The monument commission asked that the council assist in the distribution of the plaster models used in making castings for the monument. This was agreed to with the stipulation that the distribution be made without expense to the state.

NEW ORLEANS EXPOSITION CLAIMS.

(The Twenty-sixth General Assembly appropriated \$12,000 to be paid to individuals who advanced money to the New Orleans Exposition commission to aid in making an exhibit for the state of Iowa. The Twenty-seventh General Assembly fixed May 3, 1898, as the date on which the executive council should pass upon these claims, and provided that all claims allowed should be paid *pro rata*.) The council designated January 28th as the day for considering the New Orleans claims, and on that day it was ordered that all claims should be filed by April 1, 1898, and the account closed. On May 3d the secretary of the council presented a schedule of proved claims filed aggregating \$12,000, and the council authorized the auditor to issue warrants in accordance therewith.

STATE INSTITUTIONS.

The board of trustees of the hospital for the insane at Clarinda were authorized to transfer \$200 from laundry fund, \$500 from improvement fund, and \$150 from furnishing fund (a total of \$850), to the construction fund. A further transfer of \$450 from the laundry fund to the construction fund was authorized under date of January 15, 1898.

BUILDING AND LOAN.

The following building and loan companies were authorized to do business in this state: Burlington Loan association, Burlington,

Iowa, January 15, 1898; Orange City Building and Loan association, Orange City, Iowa, January 4, 1898.

BONDS APPROVED.

Bond of George W. McCoid, treasurer of the Trans Mississippi Exposition commission, given in the sum of \$25,000, was approved.

APPOINTMENTS.

The following were appointed a board of examiners for mine inspectors on February 12, 1898, to hold office two years: Floyd Davis (mining engineer), Des Moines, Iowa; Alexander Dargavel, Appanoose county; J. E. Stout, Polk county (mine operators); Thomas Davies, Mahaska county; Chas. Lescault, Monroe county (practical miners). F. S. Whiting was appointed superintendent of construction of the historical and memorial building. On December 5, 1898, A. H. Davison was elected secretary of the executive council, and H. J. Bennett was elected clerk of the supply department for period beginning January 1, 1899.

STATE WARRANTS.

June 29, 1898, Treasurer Herriott was authorized to send letters to banks and other financial corporations inviting bids for state warrants. July 30th the bids received in response to the request were opened and the following awards were made:

- Valley National Bank, Des Moines, \$10,000 at 3.89 per cent.
- Valley National Bank, Des Moines, \$10,000, at 3.94 per cent.
- Valley National Bank, Des Moines, \$10,000, at 3.99 per cent.
- Home Savings Bank, Des Moines, \$10,000, at 3.99 per cent.
- German Savings Bank, Burlington, \$10,000, at 4 per cent.
- First National Bank, Mt. Pleasant, \$15,000, at 4 per cent.

The state convention met at Dubuque, September 1, 1898.

Temporary Chairman.—HON. J. F. LACEY, Oskaloosa.

Permanent Chairman.—HON. WM. B. ALLISON, Dubuque.

PLATFORM ADOPTED.

The republicans of Iowa, in state convention assembled, declare:

That we congratulate the country on the wise and patriotic administration of President McKinley, as we regard the measures and policies thereof as the concrete expression of republican statesmanship, and especially do we commend his course during the present war with Spain, his wisdom and forbearance in seeking a peaceable solution of the Cuban question before resorting to arms, while at the same time prudently preparing for war and when circumstances finally made armed intervention necessary, his vigor and energy in the prosecution of the war.

That the experience of the past two years has fully approved the gold standard policy of the republican party as declared by the national convention of 1896. We recognize the necessity of comprehensive and enlightened monetary legislation. The monetary standard of this country and the commercial world is gold. The permanence of this standard must be assured by congressional legislation, giving to it the validity and vitality of public law. All other money must be kept at a parity with gold. Our money, like our institutions, should be maintained equal to the best in the world. In this plank we invite the support of all voters who desire honesty and stability in business affairs, and an immediate and permanent settlement of the question of the standard of value.

That we reaffirm our belief in the republican doctrine of reciprocity and protection. We congratulate the people on the fact that a republican congress has enacted a protective tariff which has brought prosperity to our country, and pledge ourselves to favor such changes in the republican revenue law as experience may from time to time dictate or change of conditions demand.

That we favor the upbuilding of the American merchant marine, the speedy construction of the Nicaraguan canal, the securing of naval and coaling stations, and the protection of American rights in every quarter of the world with an adequate navy.

That the republican party under whose policies and administration prosperity has been restored, and a foreign war successfully conducted, has earned the right to be further entrusted with the task of solving the territorial, colonial and commercial problems that have resulted from the war.

That it is due to the same cause of humanity and civilization for which the war with Spain was fought, that no people who have in consequence thereof, been freed from oppression shall, with the

consent or through the indifference of the United States, be returned to such oppression or permitted to lapse into barbarism.

That the soldiers, sailors and marines, both regulars and volunteers, of the army and navy, have, in the war with Spain, exemplified bravery and self-sacrificé like unto that displayed by previous defenders of the republic: not only have they earned the most profound gratitude of the nation, but they have given the United States a new dignity and rank among the greatest and most powerful nations of the earth.

That the Iowa volunteers who this year so promptly responded to the president's call for enlistments, have won the proud appreciation of the state. Though they did not reach the front of battle, they have paid, and are yet paying, in hardships, self-sacrifices, sickness and even death, the price of soldierly duty. Their needs should have the promptest consideration and attention which the state or nation can give.

We heartily indorse the able and business-like administration of Governor Shaw as displayed by his prudent and conscientious discharge of public duty, and especially do we commend him for his constant and untiring efforts made on behalf of the Iowa soldiers, whether in camp, or sick in the hospital.

That we tender grateful acknowledgment to all who have helped the party to the opportunity to do the great good it has done, and especially do we appreciate the services of independent voters of 1896 and 1897, who placed the honor of the country above party. We invite for the party's present financial and other policies the co-operation and support of all.

The democratic state convention was held at Marshalltown,
 September 7, 1898.

Temporary Chairman.—HON. FRANK Q. STUART, Chariton.

Permanent Chairman.—HON. RALPH F. GRAHAM, Newton.

PLATFORM ADOPTED.

The democracy of Iowa, in state convention assembled, discern in the democratic national platform of 1896, which we hereby heartily affirm, the best expression of democratic principles enunciated since Thomas Jefferson wrote the declaration of independence. The utterances of the platform concerning finance explicitly define our faith on the money question. The free and unlimited coinage of silver at the ratio of 16 to 1, we hold to be indispensable to the financial, industrial and political independence of our people, and recognizing William J. Bryan as pre-eminently the representative and exponent of the platform, we earnestly favor his nomination for president of the United States in 1900.

We impeach the republican party of criminal insincerity in declaring for bi-metallism in its national platforms of 1888 and 1892, and for international bi-metallism in 1896, and now in its latest platform unequivocally committing itself to the gold standard. And we denounce as being dangerous to the public welfare the proposal for legislation involving the conversion of the 500,000,000 silver dollars, and the \$240,000,000 of greenbacks, first into exclusive gold obligations, and next into an interest-bearing bonded debt, and filling the vacuum created by the obliteration of the nearly \$1,000,000,000 of legal tender money with non-legal-tender banknotes.

We express our alarm at the unconcealed domination of the late republican state convention by the railroad corporations, and we call upon the people to throw off the corporation yoke by repudiating the party which is flagrantly betraying them.

The war with Spain was necessary and undertaken in the interest of humanity, and we commend the action of the democrats in congress who voted ample supplies for prosecuting it to a successful conclusion.

We demand that the solemn declarations as to the purposes of the war be faithfully carried out by the government. We glory in the valor of the soldiers and the sailors of the army and navy, and rejoice in their unexampled victory on land and sea. The congress provided amply in money to furnish them supplies and the best of care when they became disabled by wounds or disease, and we denounce the criminal incompetency and negligence of the agents of the government who have caused them to suffer and die in camp and hospitals for the lack of care which humanity and

justice demand. And we insist upon a speedy, searching, and impartial investigation to the end that the guilty may be exposed and fittingly punished.

We express our unbounded admiration of the patriotic, self-sacrificing courage of the soldiers who enlisted, but were not sent to the front, as well as those who faced shot and shell and deadly disease on foreign soil, and we hold that all are equally deserving of the love and gratitude of the republic.

While recognizing the importance and demanding the maintenance of an effective navy, we hold that militarism is a menace to free institutions, and we oppose any policy which will supply a reason or a pretext for supporting a large standing army in time of peace.

The immortal Washington, for profound reasons, wisely warned his countrymen against entangling foreign alliances. The admonition is as pertinent as when it was uttered, a century ago. Therefore, while sincerely desiring friendly relations with all nations, we earnestly protest against alliance with any.

As it is obvious necessity and would double the efficiency of our navy, we favor the speedy construction of the Nicaragua canal by the government of the United States

We believe that the constitution of the United States is the most excellent organic law ever adopted by any people, and we feel a just pride in the loyalty to it which the democratic party has ever shown; but we believe that a lapse of years and changed conditions have brought the time when further amendments should be brought forward for adoption. We hold that its provisions for its own amendment are utterly inadequate to give expression to the will of the people, and we, therefore, favor the amendment of article five of the constitution of the United States to the end that whenever a majority of both houses of the congress shall deem it necessary the congress shall propose amendments to the constitution which shall be submitted to popular vote and shall be valid as part thereof when ratified by a majority of the votes of the people of the United States cast at any general or special election at which such question shall be submitted to a vote.

We are in favor of legislation which shall make it a misdemeanor for any public officer of the state to accept any passes, mileage, or transportation from any railroad company in this state, or to accept any frank or pass from any telegraph, telephone, or express company doing business in this state.

We believe in the just and equal distribution of the taxes of the government that its burdens and its blessings may fall justly and impartially upon all alike, the rich and the poor, upon every class and calling.

We demand that capital, as well as toil, shall pay its just proportion of the expenses, and that by a just and complete law for the taxation of incomes "equality before the law" shall be no longer a fiction, but a fact.

Resolved, That the democratic party is in favor of postal savings banks, and that we favor the necessary legislation in reference to the same.

The prohibition state convention was held at Des Moines, June 28, 29, 1898.

Temporary Chairman.—REV. J. B. HOFFMAN, Spencer.

Permanent Chairman.—REV. J. P. COFFMAN, Perry.

PLATFORM ADOPTED.

Preamble.—The prohibition party of Iowa in convention assembled at the city of Des Moines, June 28, 29, 1898, acknowledging Almighty God as the rightful sovereign of all men and the Lord Jesus Christ as the ruler among the nations of the earth, and to whose laws all human enactments must conform to secure the blessings of peace and prosperity, presents the following declarations of principles:

First.—We declare our sympathies, as a party of reform, to be in favor of whatever tends to make men intelligent and virtuous. We assert our purpose to be identical with that of the national constitution to establish justice, to insure domestic tranquillity, to promote the general welfare, and to secure the blessings of liberty to ourselves and our posterity.

Second.—We reaffirm that the liquor traffic is a foe to civilization and to popular government; that it promotes poverty and crime, that it thwarts the will of the people and destroys our homes, and we declare anew for the entire suppression of the manufacture and sale of alcoholic liquors as a beverage, and that the full power of the government should be asserted to gain this result.

Third.—We declare that the so-called regulation by license, mulct or taxation whereby a revenue is derived from this traffic, is contrary to good government, is complicity with the liquor crime and corrupting the public conscience.

Therefore, we demand the repeal of the mulct and the manufacturing laws and that a prohibitory constitutional amendment should be submitted to a direct vote of the people.

Fourth.—Experience teaches us that any political party, not openly opposing this traffic will court the favor of the liquor interests and will shape legislation to secure or retain its support.

We therefore declare for prohibition with a prohibition party back of it.

Fifth.—We demand that every citizen of the United States shall be allowed to cast a free and unrestricted ballot at all public elections, and that such ballots shall be returned as cast, and that this sovereign right shall be denied to no citizen on account of sex.

Sixth.—We demand the protection of all persons in the right to one day of rest in seven, without oppressing those who conscientiously observe any other than the first day of the week.

Seventh.—While we believe in arbitration as the best means of settling international difficulties, and we deplore the causes which

have led to the present war with Spain, and while we hope for a speedy termination of said war, we pledge our loyalty to our government in the present crisis, and we earnestly hope for the day when the government will intervene to rid our home land of the cruel rule of the saloon.

.....

People's party state convention was held at Des Moines, June 2, 1898.

Temporary Chairman.—L. M. MORRIS, of Ottumwa.*Permanent Chairman.*—SAME.

PLATFORM ADOPTED.

We, the representatives of the people's party of the state of Iowa, in convention assembled, declare our devotion to the principles set forth in the national platform of our party adopted at St.

Louis in 1896, and we hereby affirm the same, giving special emphasis to the plank which calls for the free coinage of both gold and silver at the ratio of 16 to 1.

Second.—The financial question is the leading contention now before the people, and will continue to be such until it is settled by the suppression of banks of issue and the restoration to the government of the exclusive power to issue our money, whether metallic or paper, and the control of its volume. The attitude of republican leaders upon this question has for years been one of insincerity and gross deception.

In 1888, 1892 and 1896 they professed in their national platform to be in favor of the use and coinage of both gold and silver as standard money. Upon these promises they obtained power. They have now thrown off the mask and are in favor of the single gold standard, to maintain which they propose to issue unlimited interest-bearing bonds. They are at this time asking for authority to legislate upon this important subject, but are concealing the character of the legislation which they design to enact.

Because of the complete surrender of the leaders of the republican party to the demands of the bank conspirators for the surrender to them of the exclusive issue of paper money and the entire withdrawal of government notes, we reaffirm with emphasis the plank of the St. Louis platform which calls for the issue by the government alone of the paper currency of the country.

We condemn the issue of United States bonds by the present administration as an attempt to enslave America while pretending to free Cuba. No interest-bearing bonds or notes should ever be issued by the government which can supply itself with the best money in the world without borrowing.

Third.—We are proud of the valor and achievements of our soldiers and sailors in the late war, and rejoice at the return of peace.

The whole people, without distinction of party, united to prosecute the war against the tyranny of Spain and for the freedom of Cuba. But the management of the conflict has been wholly in republican hands, and the officials of that party are responsible for the mismanagement thereof. Our brave men have been cruelly and unnecessarily exposed to disease and death, and they have been neglected and mistreated.

We, therefore, call for a sweeping and thorough investigation, with the view of properly placing the responsibility of the manifest incapacity of those connected with the war department.

Fourth.—It is the duty of the government to guarantee to the people of the conquered Spanish provinces the same rights of free government which we claim for ourselves.

Fifth.—We favor the construction of the Nicaraguan canal by the government, but not by or through the agency of any corporation. We also favor a reasonable and adequate increase of our navy.

Sixth.—We are unalterably opposed to all attempts and propositions to fasten upon the people a large standing army.

Seventh.—We want no Anglo-American or other foreign alliances, and we look with favor upon the proposition for partial disarmament among the nations of the earth.

Eighth.—In all important matters of legislation we favor the adoption of the initiative and referendum by both state and nation.

Ninth.—We denounce the extravagance and corruption of our state officials, which have plunged our state into an enormous and unconstitutional state debt and loaded our people with taxes which they are unable to bear.

Tenth.—We favor the ownership by state and municipalities of all public utilities.

Eleventh.—We denounce the anti-fusion law enacted by the state legislature as both arbitrary and unconstitutional, and as an attempt to abridge the freedom of suffrage.

Twelfth.—We recognize William J. Bryan as the great leader of the people in their struggle against the encroachments of confederated corporations, trusts and money powers of the world.

The state convention of the socialist labor party was held at Davenport, August 6 and 7, 1898.

Chairman.—M. J. KREMER, of Davenport.

Secretary.—HENRY KIPP, of Clinton.

PLATFORM ADOPTED.

Recognizing the fact that our public roads and rivers are in bad condition, we demand that the legislature of Iowa take the necessary steps at the earliest moment to improve them, and thus give employment to the unemployed at fair wages.

Recognizing the evils that flow from child-labor, and its companion, ignorance, we demand the enactment of a state law prohibiting the employment of children under 16 years of age in factories, stores, mills, etc., and also the enactment of a law requiring the attendance at school of all children under 16 years of age, books furnished free to all children and public assistance in meals, clothing, etc., when necessary.

Believing that a shortening of the workday will put more people to work, we demand a law reducing the hours of labor in proportion to the progress of production.

Believing that life and health are more sacred than property, we demand their protection by an efficient employer's liability law.

Believing in the integrity and honesty of the people, we demand a direct vote and a secret ballot in all elections, universal and equal right of suffrage without regard to color, creed, or sex, the people to have the right to propose laws and to vote upon all measures of importance, according to the referendum principle. The principle of proportional representation to be introduced. Election days to be legal holidays.

Repeal of all pauper, tramp, conspiracy and sumptuary laws
Unabridged right of combination.

All wages to be paid in lawful money of the United States.
Equalization of women's wages with those of men where equal service is performed.

Abolition of the veto power wherever it exists.

All public officers to be subject to recall by their respective constituencies.

Administration of justice to be free of charge. Fulllest measure of self-government. Abolition of capital punishment.

We demand a progressive income tax, and tax on inheritances; the smaller incomes to be exempt, and that the poll tax be abolished.

Resolved, That we are opposed to the tactics of all co-operative colonies and kindred schemes to obtain the co-operative commonwealth.

NO A LA GLASGOW MUNICIPALIZATION.

WHEREAS, The socialist labor party demands the public ownership of all railroads, telephones, telegraphs, and all other means of transportation and communication, and

WHEREAS, Certain middle class politicians and capitalists are advocating government ownership of all so called natural monopolies (a la Glasgow) to deceive the people; therefore, be it

Resolved, That the delegates of this convention declare themselves directly opposed to such middle class movements, as not beneficial to the working class; and further, be it

Resolved, That we urge the application of the fundamental principles of the co-operative commonwealth to all public services, and particularly insist upon the following demands:

Election by the employes of their respective foremen, superintendents and other officers, not elected by a general vote of the people;

A minimum salary, supplemented by an equal distribution among the employes of a portion of the surplus, which, produced by their joint labor, is now appropriated by the directors and stockholders of corporations;

Another portion of the surplus shall be set aside as a pension fund for the aged and a relief fund for the sick employes of the state;

The remaining portion shall be applied to the maintenance and extension of said public services, the price of which shall be reduced to the extent of the saving permanently affected by mechanical, and other improvements; and, further, be it

Resolved, That we oppose all sumptuary measures prohibiting the manufacture and sale of ardent spirits, and malt beverages.

ON THE WAR AND CONSCRIPTION.

Resolved, That we view with admiration the ardent spirit of humanity which has impelled the workingmen of this country to volunteer their lives and services to politically emancipate the suffering Cubans from the barbarous oppression of the kingdom of Spain, and that we extend the sympathies of American workingmen to the oppressed Cuban and Spanish workers, who are trying to overthrow the hateful despotism which is destroying them.

Fellow workers, the capitalist class, which is the enemy of oppressed Cuban and Spanish workingmen, is also our enemy. The capitalist class show by their actions in the present war their

real spirit; while professing great love for their country, they charge exorbitant prices on rates for transportation and supplies, feed our soldiers on unfit and insufficient food, while the capitalists themselves enjoy their ill-gotten gains at a safe distance from the enemy.

We recognize that the patriotism of the workers is enthusiasm for humanity, while the patriotism of the capitalist class is enthusiasm for profits. We heartily commend the self-sacrifice of the former and condemn the self-seeking of the latter. Profit, not service; greed, not sacrifice, is the measure of capitalist patriotism.

We, therefore, call upon the workingmen of this country to be true to their own interests and to that of their wives and children, and to turn a deaf ear to the capitalist class, who rob them economically all the year round as a reward for their political support on election day.

WHEREAS, The life of a poor man is as dear to him as is the life of the rich man to him, and more necessary to the support of his wife and children; and

WHEREAS, An overwhelming majority of those who have volunteered to serve as private soldiers in the United States army in the war with Spain have come from the ranks of the wage-working, propertyless class, we demand that in case conscription becomes necessary to keep the army up to a war standard, that the conscripts be drawn from the ranks of the property owners; the percentage of men to be drawn from each class of property owners (grading according to the wealth possessed by the individuals of the class) shall be in proportion to the total percentage of the national wealth possessed by that class.

We further demand that no man conscripted shall be allowed to purchase a substitute to take his place in the ranks of the army.

National convention, St. Louis, June 16, 1896.

Temporary Chairman.—HON. CHARLES W. FAIRBANKS, of Indiana.

Permanent Chairman.—HON. JOHN M. THURSTON, of Nebraska.

PLATFORM.

The republicans of the United States, assembled by their representatives in national convention, appealing for the popular and historical justification of their claims to the matchless achievements of thirty years of republican rule, earnestly and confidently

address themselves to the awakened intelligence, experience and conscience of their countrymen in the following declaration of facts and principles:

Effects of Democratic Control.—For the first time since the civil war the American people have witnessed the calamitous consequences of full and unrestricted democratic control of the government. It has been a record of unparalleled incapacity, dishonor and disaster. In administrative management it has ruthlessly sacrificed indispensable revenue, entailed an unceasing deficit, eked out ordinary current expenses with borrowed money, piled up the public debt by \$262,000,000 in time of peace, forced an adverse balance of trade, kept a perpetual menace hanging over the redemption fund, pawned American credit to alien syndicates, and reversed all the measures and results of successful republican rule. In the broad effect of its policy it has precipitated panic, blighted industry and trade with prolonged depression, closed factories, reduced work and wages, halted enterprise and crippled American production while stimulating foreign production for the American market.

Administration of President Harrison.—Every consideration of public safety and individual interest demands that the government shall be rescued from the hands of those who have shown themselves incapable to conduct it without disaster at home and dishonor abroad, and shall be restored to the party which for thirty years administered it with unequalled success and prosperity, and in this connection we heartily indorse the wisdom, the patriotism, and the success of the administration of President Harrison.

Protection.—We renew and emphasize our allegiance to the policy of protection as the bulwark of American industrial independence and the foundation of American development and prosperity. This true American policy taxes foreign products and encourages home industry; it puts the burden of revenue on foreign goods; it secures the American market for the American producer; it upholds the American standard of wages for the American workingman; it puts the factory by the side of the farm, and makes the American farmer less dependent on foreign demand and price; it diffuses general thrift, and founds the strength of all on the strength of each. In its reasonable application it is just, fair and impartial, equally opposed to foreign control and domestic monopoly, to sectional discrimination and individual favoritism.

The Wilson Law.—We denounce the present democratic tariff as sectional, injurious to the public credit, and destructive to busi-

ness enterprise. We demand such an equitable tariff on foreign imports which come into competition with American products as will not only furnish adequate revenue for the necessary expenses of the government, but will protect American labor from degradation to the wage level of other lands.

We are not pledged to any particular schedules. The question of rates is a practical question, to be governed by the conditions of the time and of production; the ruling and uncompromising principle is the protection and development of American labor and industry. The country demands a right settlement and then it wants rest.

Reciprocity.—We believe the repeal of the reciprocity arrangements negotiated by the last republican administration was a national calamity, and we demand their renewal and extension on such terms as will equalize our trade with other nations, remove the restrictions which now obstruct the sale of American products in the ports of other countries, and secure enlarged markets for the products of our farms, forests and factories.

Protection and reciprocity are twin measures of republican policy, and go hand in hand. Democratic rule has recklessly struck down both, and both must be re-established. Protection for what we produce; free admission for the necessaries of life which we do not produce; reciprocal agreements of mutual interests which gain open markets for us in return for our open market to others. Protection builds up domestic industry and trade, and secures our own market for ourselves; reciprocity builds up foreign trade and finds an outlet for our surplus.

Production of Sugar.—We condemn the present administration for not keeping faith with the sugar producers of this country. The republican party favors such protection as will lead to the production on American soil of all the sugar which the American people use, and for which they pay other countries more than \$100,000,000 annually.

Wool and Woolens.—To all our products to those of the mine and the field as well as to those of the shop and the factory—to hemp, to wool, the product of the great industry of sheep husbandry, as well as to the finished woolens of the mill - we promise the most ample protection.

Merchant Marine.—We favor restoring the early American policy of discriminating duties for the upbuilding of our merchant marine and the protection of our shipping in the foreign-carrying trade, so that American ships—the product of American labor,

employed in American shipyards, sailing under the stars and stripes, and manned, officered and owned by Americans—may regain the carrying of our foreign commerce.

National Currency and Credit.—The republican party is unreservedly for sound money. It caused the enactment of the law providing for the resumption of specie payments in 1879; since then every dollar has been as good as gold.

We are unalterably opposed to every measure calculated to debase our currency or impair the credit of our country. We are therefore opposed to the free coinage of silver except by international agreement with the leading commercial nations of the world, which we pledge ourselves to promote, and until such agreement can be obtained the existing gold standard must be preserved.

All our silver and paper currency must be maintained at parity with gold, and we favor all measures designed to maintain inviolably the obligations of the United States and all our money, whether coin or paper, at the present standard, the standard of the most enlightened nations of the earth.

Pensions.—The veterans of the Union army deserve, and should receive, fair treatment and generous recognition. Whenever practicable they should be given the preference in the matter of employment, and they are entitled to the enactment of such laws as are best calculated to secure the fulfilment of the pledges made to them in the dark days of the country's peril.

We denounce the practice in the pension bureau, so recklessly and unjustly carried on by the present administration, of reducing pensions and arbitrarily dropping names from the rolls, as deserving the severest condemnation of the American people.

Foreign Relations.—Our foreign policy should be at all times firm, vigorous, and dignified, and all our interests in the western hemisphere carefully watched and guarded.

The Hawaiian islands should be controlled by the United States, and no foreign power should be permitted to interfere with them.

The Nicaraguan canal should be built, owned and operated by the United States; and by the purchase of the Danish islands we should secure a proper and much-needed naval station in the West Indies.

Armenian Massacres.—The massacres in Armenia have aroused the deep sympathy and just indignation of the American people and we believe that the United States should exercise all the

influence it can properly exert to bring these atrocities to an end. In Turkey American residents have been exposed to the gravest dangers, and American property destroyed. There and everywhere American citizens and American property must be absolutely protected at all hazards and at any cost.

Monroe Doctrine.—We reassert the Monroe doctrine in its full extent, and we reaffirm the right of the United States to give the doctrine effect by responding to the appeals of any American state for friendly intervention in case of European encroachments. We have not interfered, and shall not interfere, with the existing possessions of any European power in this hemisphere, but those possessions must not on any pretext be extended.

We hopefully look forward to the eventual withdrawal of the European powers from this hemisphere, and to the ultimate union of all the English-speaking part of the continent by the free consent of its inhabitants.

Cuba.—From the hour of achieving their own independence, the people of the United States have regarded with sympathy the struggles of other American peoples to free themselves from European domination. We watch with deep and abiding interest the heroic battle of the Cuban patriots against cruelty and oppression, and our best hopes go out to the full success of their determined contest for liberty.

The government of Spain, having lost control of Cuba, and being unable to protect the property or lives of resident American citizens, or to comply with its treaty obligations, we believe that the government of the United States should actively use its influence and good offices to restore peace and give independence to the island.

The Navy.—The peace and security of the republic, and the maintenance of its rightful influence among the nations of the earth, demand a naval power commensurate with its position and responsibility. We, therefore, favor the continued enlargement of the navy, and a complete system of harbor and sea-coast defenses.

Foreign Immigration.—For the protection of the equality of our American citizenship and of the wages of our workingmen against the fatal competition of low-priced labor, we demand that the immigration laws be thoroughly enforced, and so extended as to exclude from entrance to the United States those who can neither read nor write.

Civil Service.—The civil service law was placed on the statute book by the republican party, which has always sustained it, and we renew our repeated declarations that it shall be thoroughly and honestly enforced and extended wherever practicable.

Free Ballot and Honest Count.—We demand that every citizen of the United States shall be allowed to cast one free and unrestricted ballot, and that such ballot shall be counted and returned as cast.

Lynchings.—We proclaim our unqualified condemnation of the uncivilized and barbarous practice well known as lynching, or killing of human beings, suspected or charged with crime, without process of law.

National Board of Arbitration.—We favor the creation of a national board of arbitration to settle and adjust differences which may arise between employers and employed engaged in inter-state commerce.

Free Homesteads.—We believe in an immediate return to the free homestead policy of the republican party, and urge the passage by congress of the satisfactory free homestead measure which has already passed the house and is now pending in the senate.

Territories.—We favor the admission of the remaining territories at the earliest practical date, having due regard to the interests of the people of the territories and of the United States. All the federal officers appointed for the territories should be elected from *bona fide* residents thereof, and the rights of self-government should be accorded as far as practicable.

Alaska.—We believe the citizens of Alaska should have representation in the congress of the United States, to the end that needful legislation may be intelligently enacted.

Temperance.—We sympathize with all wise and legitimate efforts to lessen and prevent the evils of intemperance and promote morality.

Rights of Women.—The republican party is mindful of the rights and interests of women. Protection of American industries include equal opportunities, equal pay for equal work, and protection to the home. We favor the admission of women to wider spheres of usefulness, and welcome their co-operation in rescuing the country from democratic and populist mismanagement and misrule.

Conclusion.—Such are the principles and policies of the republican party. By these principles we will abide, and these policies we will put into execution. We ask for them the considerate judgment of the American people. Confident alike in the history

of our great party and in the justice of our cause, we present our platform and our candidates in the full assurance that the election will bring victory to the republican party and prosperity to the people of the United States.

National convention, Chicago, July 7, 1896.

Temporary Chairman.—HON. JOHN W. DANIEL, Virginia.

Permanent Chairman.—HON. STEPHEN M. WHITE, California

PLATFORM.

We, the democrats of the United States in national convention assembled, do reaffirm our allegiance to those great essential principles of justice and liberty upon which our institutions are founded and which the democratic party has advocated from Jefferson's time to our own—freedom of speech, freedom of press,

freedom of conscience, the preservation of personal rights, the equality of all citizens before the law and the faithful observance of constitutional limitations.

State Rights.—During all these years the democratic party has resisted the tendency of selfish interest toward the centralization of governmental power and steadfastly maintained the integrity of the dual scheme of government established by the founders of this Republic of republics. Under its guidance and teachings the great principle of local self-government has found its best expression in the maintenance of the rights of the states and in its assertion of the necessity of confining the general government to the exercise of powers granted by the constitution of the United States.

Civil and Religious Liberty.—The constitution of the United States guarantees to every citizen the rights of civil and religious liberty. The democratic party has always been the exponent of political liberty and religious freedom, and it renews its obligations and reaffirms its devotion to these fundamental principles of the constitution.

The Money Question.—Recognizing that the money question is paramount to all others at this time, we invite attention to the fact that the federal constitution names silver and gold together as the money metals of the United States, and that the first coinage law passed by congress under the constitution made the silver dollar the monetary unit and admitted gold to free coinage at a ratio based upon the silver dollar unit.

We declare that the act of 1873, demonetizing silver without the knowledge or approval of the American people, has resulted in the appreciation of gold and a corresponding fall in the prices of commodities produced by the people; a heavy increase in the burden of taxation and of all debts, public and private; the enrichment of the money-lending class at home and abroad, the prostration of industry and impoverishment of the people.

We are unalterably opposed to monometallism, which has looked fast the prosperity of an industrial people in the paralysis of hard times. Gold monometallism is a British policy, and its adoption has brought other nations into financial servitude to London. It is not only un-American but anti-American, and it can be fastened on the United States only by the stifling of that spirit and love of liberty which proclaimed our political independence in 1776, and won it in the War of the Revolution.

Free Silver.—We demand the free and unlimited coinage of both silver and gold at the present legal ratio of 16 to 1, without waiting for the aid or consent of any other nation. We demand that the standard silver dollar shall be a full legal tender, equally with gold, for all debts, public and private, and we favor such legislation as will prevent for the future the demonetization of any kind of legal tender money by private contract.

We are opposed to the policy and practice of surrendering to the holders of the obligations of the United States the option reserved by law to the government of redeeming such obligations in either silver coin or gold coin.

Opposed to Bond Issues.—We are opposed to the issuing of interest-bearing bonds of the United States in time of peace, and condemn the trafficking with banking syndicates which, in exchange for bonds and at an enormous profit to themselves, supply the federal treasury with gold to maintain the policy of gold monometallism.

Against National Banks.—Congress alone has the power to coin and issue money, and President Jackson declared that this power could not be delegated to corporations or individuals. We, therefore, denounce the issuance of notes intended to circulate as money by national banks as in derogation of the constitution, and we demand that all paper which is made a legal tender for public and private debts, or which is receivable for duties to the United States, shall be issued by the government of the United States and shall be redeemable in coin.

Tariff and Income Tax.—We hold that the tariff duties should be levied for purposes of revenue, such duties to be so adjusted as to operate equally throughout the country, and not discriminate between class or section, and that taxation should be limited by the needs of the government, honestly and economically administered. We denounce as disturbing to business the republican threat to restore the McKinley law, which has twice been condemned by the people in national elections, and which, enacted under the false plea of protection to home industry, proved a prolific breeder of trusts and monopolies, enriched the few at the expense of the many, restricted trade and deprived the producers of the great American staples of access to their natural markets.

Income Tax.—Until the money question is settled we are opposed to any agitation for further changes in our tariff laws, except such as are necessary to meet the deficit in revenue caused by the adverse decision of the supreme court on the income tax. But for this decision by the supreme court there would be no

deficit in the revenue under the law passed by a democratic congress in strict pursuance of the uniform decisions of that court for nearly 100 years, that court having in that decision sustained constitutional objections to its enactment which had previously been overruled by the ablest judges who have ever sat on that bench. We declare that it is the duty of congress to use all the constitutional powers which remain after that decision, or which may come from its reversal by the court as it may hereafter be constituted, so that the burden of taxation may be equally and impartially laid, to the end that wealth may bear its due proportion of the expenses of the government.

Protection of American Labor.—We hold that the most efficient way of protecting American labor is to prevent the importation of foreign pauper labor to compete with it in the home market, and that the value of the home market to our American farmers and artisans is greatly reduced by a vicious monetary system which depresses the prices of their product below the cost of production, and thus deprives them of the means of purchasing the products of our home manufactories; and as labor creates the wealth of the country, we demand the passage of such laws as may be necessary to protect it in all its rights.

We are in favor of the arbitration of differences between employers engaged in interstate commerce and their employes, and recommend such legislation as is necessary to carry out this principle.

Corporate Wealth.—The absorption of wealth by the few, the consolidation of our leading railway systems and the formation of trusts and pools require a stricter control by the federal government of those arteries of commerce.

We demand the enlargement of the powers of the interstate commerce commission, and such restrictions and guarantees in the control of railroads as will protect the people from robbery and oppression.

Congressional Appropriations.—We denounce the profligate waste of money wrung from the people by oppressive taxation and the lavish appropriations of recent republican congresses, which have kept taxes high while the labor that pays them is unemployed, and the products of the people's toil are depressed in price till they no longer repay the cost of production.

We demand a return to that simplicity and economy which befits a democratic government, and a reduction in the number of useless offices, the salaries of which drain the substance of the people.

Federal Interference in Local Affairs.—We denounce arbitrary interference by federal authorities in local affairs as a violation of the constitution of the United States and a crime against free institutions, and we especially object to government by injunction as a new and highly dangerous form of oppression, by which federal judges in contempt of the laws of the state and rights of citizens become at once legislators, judges and executioners, and we approve the bill passed at the last session of the United States senate and now pending in the house of representatives relative to contempts in federal courts, and providing for trials by jury in certain cases of contempt.

Pacific Funding Bill.—No discrimination should be indulged by the government of the United States in favor of any of its debtors.

We approve of the refusal of the Fifty-third Congress to pass the Pacific railroad funding bill, and denounce the efforts of the present republican congress to enact similar measures.

Pension Rule Indorsed.—Recognizing the just claims of deserving Union soldiers, we heartily indorse the rule of the present commissioner of pensions, that no name shall be arbitrarily dropped from the pension roll, and the fact of enlistment and service should be deemed conclusive evidence against disease and disability before enlistment.

Admission of Territories—We favor the admission of the territories of New Mexico, Arizona and Oklahoma into the Union as states, and we favor the early admission of all the territories having the necessary population and resources to entitle them to statehood, and while they remain territories we hold that the officials appointed to administer the government of any territory, together with the District of Columbia and Alaska, should be *bona fide* residents of the territory or district in which their duties are to be performed. The democratic party believes in home rule, and that all public lands of the United States should be appropriated to the establishment of free homes for American citizens.

We recommend that the territory of Alaska be granted a delegate in congress, and that the general land and timber laws of the United States be extended to said territory.

Monroe Doctrine.—The Monroe doctrine, as originally declared and as interpreted by our succeeding presidents, is a permanent part of the foreign policy of the United States, and must at all times be maintained.

Sympathy for Cubans.—We extend our sympathy to the people of Cuba in their heroic struggle for liberty and independence.

Civil Service.—We are opposed to life tenure in the public service, except as provided in the constitution. We favor appointments based upon merits, fixed terms of office, and such an administration of the civil service laws as will afford equal opportunities to all citizens of ascertained fitness.

Third Term Condemned.—We declare it to be the unwritten law of this republic, established by custom and usage of 100 years, and sanctioned by the examples of the greatest and wisest of those who founded and have maintained our government, that no man should be eligible for a third term of the presidential office.

Improvements of Water Ways.—The federal government should care for and improve the Mississippi river and other great waterways of the republic, so as to secure for the interior states easy and cheap transportation to tide water. Whenever any waterway of the republic is of sufficient importance to demand aid of the government, such aid should be extended upon a definite plan of continuous work until a permanent improvement is secured.

Conclusion.—Confiding in the justice of our cause and the necessity of its success at the polls, we submit the foregoing declaration of principles and purposes to the considerate judgment of the American people. We invite the support of all citizens who approve them and who desire to have them made effective through legislation for the relief of the people and the restoration of the country's prosperity.

Permanent Chairman.—HON. WILLIAM V. ALLEN, Nebraska.

PLATFORM.

The people's party, assembled in national convention, reaffirms its allegiance to the principles declared by the founders of the republic, and also to the fundamental principles of just government as enunciated in the platform of the party in 1892. We recognize that through the connivance of the present and preceding administrations the country has reached a crisis in its national life, as predicted in our declaration four years ago, and that prompt and patriotic action is the supreme duty of the hour. We realize that while we have political independence our financial and industrial independence is yet to be attained by restoring to our country the constitutional control and exercise of the functions necessary to a people's government, which functions have been basely surrendered by our public servants to corporate monopolies.

The influence of European money changers has been more potent in shaping legislation than the voice of the American people. Executive power and patronage have been used to corrupt our legislatures, and defeat the will of the people, and plutocracy has thereby been enthroned upon the ruins of democracy.

Declarations on Finance.—To restore the government intended by the fathers, and for the welfare and prosperity of this and future generations, we demand the establishment of an economic and financial system which shall make us masters of our own

affairs and independent of European control by the adoption of the following declaration of principles:

1. We demand a national money, safe and sound, issued by the general government only, without the intervention of banks of issue, to be a full legal tender for all debts, public and private; a just, equitable and efficient means of distribution direct to the people and through the lawful disbursements of the government.

2. We demand the free and unrestricted coinage of silver and gold at the present legal ratio of 16 to 1, without waiting for the consent of foreign nations.

3. We demand the volume of circulating medium be speedily increased to an amount sufficient to meet the demands of the business and population of this country and to restore the just level of prices of labor and production.

4. We denounce the sale of bonds and the increase of the public interest-bearing debt made by the present administration as unnecessary and without authority of law, and that no more bonds be issued except by specific act of congress.

5. We demand such legislation as will prevent the demonetization of the lawful money of the United States by private contract.

6. We demand that the government, in payment of its obligations, shall use its option as to the kind of lawful money in which they are to be paid, and we denounce the present and preceding administrations for surrendering this option to the holders of government obligations.

7. We demand a graduated income tax, to the end that aggregated wealth shall bear its just proportion of taxation, and we regard the recent decision of the supreme court relative to the income tax law as a misinterpretation of the constitution and an invasion of the rightful powers of congress over the subject of taxation.

8. We demand that postal savings banks be established by the government for the safe deposit of the savings of the people and to facilitate exchange.

Government Ownership of Railroad and Telegraph.—Transportation being a means of exchange and a public necessity, the government should own and operate the railroads in the interest of the people and on a non-partisan basis, to the end that all may be accorded the same treatment in transportation, and that the tyranny and political power now exercised by the great railroad corporations, which result in the impairment, if not the destruc-

tion, of the political rights and personal liberties of the citizen may be destroyed. Such ownership is to be accomplished gradually in a manner consistent with sound public policy.

The interest of the United States in the public highways built with public moneys and the proceeds of extensive grants of land to the Pacific railroads should never be alienated, mortgaged or sold, but guarded and protected for the general welfare as provided by the laws organizing such railroads. The foreclosure of existing liens of the United States on these roads should at once follow default in the payment thereof of the debt of the companies, and at the foreclosure sales of said roads the government shall purchase the same if it becomes necessary to protect its interests therein or if it can be purchased at a reasonable price; and the government should operate said railroads as public highways for the benefit of the people and not in the interest of the few, under suitable provisions for protection of life and property, giving to all transportation interests equal privileges and equal rates for fares and freights.

We denounce the present infamous schemes for refunding these debts, and demand that the laws now applicable thereto be executed and administered according to their true intent and spirit.

The telegraph, like the postoffice system, being a necessity for the transmission of news, should be owned and operated by the government in the interest of the people.

Reclamation of Land.—The true policy demands that national and state legislation shall be such as will ultimately enable every prudent and industrious citizen to secure a home, and therefore the land should not be monopolized for speculative purposes. All lands now held by the railroads and other corporations in excess of their actual needs, should, by lawful means, be reclaimed by the government and held for actual settlers only, and private land monopoly as well as alien ownership should be prohibited.

We condemn the frauds by which the land grants to the Pacific railroad companies have, through the connivance of the interior department, robbed multitudes of actual *bona fide* settlers of their homes and miners of their claims, and we demand legislation by congress which will enforce the exemption of mineral land from such grants after as well as before patent.

We demand that *bona fide* settlers on all public lands be granted free homes as provided in the national homestead law, and that no exception be made in the case of Indian reservations,

when opened for settlement, and that all lands not now patented come under this demand.

Direct Legislation.—We favor a system of direct legislation through the initiative and referendum, under proper constitutional safeguards.

We demand the election of president, vice-president, and United States senators by a direct vote of the people.

For Cuban Independence.—We tender to the patriotic people of Cuba our deepest sympathy in their heroic struggle for political freedom and independence, and we believe the time has come when the United States, the great*republic of the world, should recognize that Cuba is, and of right ought to be, a free and independent state.

We favor home rule in the territories and the District of Columbia, and the early admission of the territories as states.

All public salaries should be made to correspond to the price of labor and its products.

In time of great industrial depression idle labor should be employed on public works as far as practical.

The arbitrary course of the courts in assuming to imprison citizens for indirect contempt and ruling by injunction should be prevented by proper legislation.

We favor just pensions for our disabled Union soldiers.

Believing that the election franchise and untrammelled ballot are essential to a government of, for, and by the people, the people's party condemns the wholesale system of disfranchisement adopted in some of the states as unrepresentative and undemocratic, and we declare it to be the duty of the several state legislatures to take such action as will secure a full, free and fair ballot and an honest count.

While the foregoing propositions constitute the platform upon which our party stands and for the vindication of which its organization will be maintained, we recognize that the great and pressing issue of the pending campaign upon which the present presidential election will turn, is the financial question, and upon this great and specific issue between the parties we cordially invite the aid and co-operation of all organizations and citizens agreeing with us upon this vital question.

National convention, Indianapolis, Ind., September 2, 1896.

Temporary Chairman.—HON. ROSWELL P. FLOWER, of New York.

Permanent Chairman.—HON. DONELSON CAFFERY, of Louisiana.

PLATFORM.

This convention has assembled to uphold the principles upon which depend the honor and welfare of the American people, in order that democrats throughout the Union may unite their patriotic efforts to avert disaster to their country and ruin from their party.

The democratic party is pledged to equal and exact justice to all men, of every creed and condition; to the largest freedom of the individual consistent with good government; to the preservation of the federal government in its constitutional vigor, and to the support of the states in all their just rights; to economy in the public expenditures; to the maintenance of the public credit and sound money, and is opposed to paternalism and all class legislation.

The declarations of the Chicago convention attack individual freedom, the right of private contract, the independence of the judiciary, and the authority of the president to enforce federal laws. They advocate a reckless attempt to increase the price of silver by legislation, to the debasement of our monetary standard, and threaten unlimited issues of paper money by the government; they abandon for republican allies the democratic cause of tariff reform to court the favor of protectionists to their fiscal heresy.

In view of these and other grave departures from democratic principles we cannot support the candidates of that convention nor be bound by its acts. The democratic party has survived many defeats, but could not survive a victory won in behalf of the doctrine and policy proclaimed in its name at Chicago.

The conditions, however, which make possible such utterances from a national convention are the direct results of class legislation by the republican party. It still proclaims, as it has for years, the power and duty of government to raise and maintain prices by law, and it proposes no remedy for existing evils except oppressive and unjust taxation.

The national democracy here convened therefore renews its declaration of faith in democratic principles, especially as applicable to the conditions of the times.

Taxation and Tariff.—Taxation, tariff, excise or direct, is rightfully imposed only for public purposes, and not for private gain. Its amount is justly measured by public expenditures, which should be limited by scrupulous economy. The sum derived by the treasury from tariff and excise levies is affected by the state of trade and volume of consumption.

The amount required by the treasury is determined by the appropriations made by congress. The demand of the republican party for an increase in tariff taxation has its pretext in the deficiency of revenue, which has its causes in the stagnation of trade and reduced consumption, due entirely to the loss of confidence that has followed the populist threat of free coinage and depreciation of our money, and the republican practice of extrav-

agant appropriations beyond the needs of good government. We arraign and condemn the populist conventions at Chicago and St. Louis for their co-operation with the republican party in creating these conditions, which are pleaded in justification of a heavy increase of the burdens of the people by a further resort to protection. We, therefore, denounce protection and its ally, free coinage of silver, as schemes for the personal profit of a few at the expense of the many, and oppose the two parties which stand for these schemes as hostile to the people of the republic, whose food and shelter, comfort and property, are attacked by higher taxes and depreciated money.

In fine, we reaffirm the historic democratic doctrine of tariff for revenue only.

Demands for American Commerce.—We demand that henceforth modern and liberal policies toward American shipping shall take the place of our imitation of the restricted statutes of the eighteenth century, which were long ago abandoned by every maritime power but the United States, and which to the nation's humiliation have driven American capital and enterprise to the use of alien flags and alien crews, have made the stars and stripes an almost unknown emblem in foreign countries, and have virtually extinguished the race of American seamen.

We oppose the pretense that discriminating duties will promote shipping, and that scheme is an invitation to commercial warfare upon the United States, un-American in the light of our great commercial treaties, offering no gain whatever to American shipping, while greatly increasing ocean freights on our agricultural and manufactured products.

The experience of mankind has shown that by reason of their natural qualities gold is the necessary money of the large affairs of commerce and business, while silver is conveniently adapted to minor transactions, and the most beneficial use of both together can be insured only by the adoption of the former as a standard of monetary measure, and the maintenance of silver at a parity with gold by its limited coinage under suitable safeguards of law. Thus the largest possible enjoyment of both metals is gained with the value universally accepted throughout the world, which constitutes the only practical bimetallic currency, assuring the most stable standard, and especially the best and safest money for all who earn a livelihood by labor or the produce of husbandry. They cannot suffer when paid in the best money known to man, but are

the peculiar and most defenseless victims of a debased and fluctuating currency, which offers continual profits to the money changer at their cost.

Realizing these truths, demonstrated by long public inconvenience and loss, the democratic party, in the interests of the masses and of equal justice to all, practically established by the legislation of 1834 and 1857 the gold standard of monetary measurements and likewise entirely divorced the government from banking and currency issues. To this long established democratic policy we adhere and insist upon the maintenance of the gold standard and of the parity therewith of every dollar issued by the government, and are firmly opposed to the free and unlimited coinage of silver and to the compulsory purchase of silver bullion.

But we denounce, also, the further maintenance of the present costly patchwork system of national paper currency as a constant source of injury and peril.

We assert the necessity of such intelligent currency reform as will confine the government to its legitimate functions, completely separated from the banking business, and afford to all sections of our country a uniform, safe, and elastic bank currency under government supervision, measured in volume by the needs of business.

President Cleveland Praised.—The patriotism, fidelity and courage with which President Cleveland has fulfilled his great public trust, the high character of his administration, its wisdom and energy in the maintenance of civil order, and the enforcement of the laws, its equal regard for the rights of every class and every section, its firm and dignified conduct of foreign affairs, and its sturdy persistence in upholding the credit and honor of the nation, are fully recognized by the democratic party and will secure him a place in history beside the fathers of the republic.

We also commend the administration for the great progress made in the reform of the public service, and we indorse its effort to extend the merit system still further.

We demand that no backward step be taken, but that the reform be supported and advanced until the undemocratic spoils system of appointments shall be eradicated.

Economy in Expenditure—We demand strict economy in the appropriations and in the administration of the government.

Arbitration and Pensions.—We favor arbitration for the settlement of international disputes. We favor a liberal policy of pensions to deserving soldiers and sailors of the United States.

The Supreme Court.—The supreme court of the United States was wisely established by the framers of our constitution as one of the three co-ordinate branches of the government. Its independence and authority to interpret the law of the land without fear or favor must be maintained. We condemn all efforts to defame that tribunal or impair the confidence and respect which it has deservedly held.

The democratic party ever has maintained and ever will maintain the supremacy of law, the independence of its judicial administration, the inviolability of contract, and the obligations of all good citizens to resist every illegal trust, combination or attempt against the just rights of property and the good order of society, in which are bound up the peace and happiness of our people.

Believing these principles to be essential to the well being of the republic we submit them to the consideration of the American people.

PROHIBITION PARTY, 1893.

National convention, Pittsburg, Pa., May 27, 1896.

Temporary Chairman.—HON. A. A. STEVENS, of Pennsylvania.

Permanent Chairman.—HON. O. W. STEWART, of Illinois.

The prohibition party, in national convention assembled, declares its firm conviction that the manufacture, exportation, importation and sale of alcoholic beverages has produced such social, commercial, industrial and political wrongs, and is now so threatening the perpetuity of all our social and political institutions, that suppression of the same by a national party organization, therefore, is the greatest object to be accomplished by the voters of our country, and is of such importance as that it, if right, ought to control the political action of all our patriotic citizens until such suppression is accomplished.

The urgency of this cause demands the union, without further delay, of all citizens who desire the prohibition of the liquor traffic.

Therefore, be it resolved, that we favor the legal prohibition, by state and national legislation, of the manufacture, importation, exportation, interstate transportation and sale of alcoholic beverages.

That we declare our purpose to organize and unite all the friends of prohibition into our party, and in order to accomplish this end we deem it but right to leave every prohibitionist the freedom of his own convictions upon all other political questions, and trust our representatives to take such action upon other political questions as the changes occasioned by prohibition and the welfare of the people shall demand.

National Convention, Pittsburg, May 29, 1896.

Temporary Chairman.—Hon. _____

Permanent Chairman.—Hon. _____

The national party, recognizing God as the author of all just power in government, presents the following declaration of principles, which it pledges itself to enact into effective legislation when given the power to do so:

1. The suppression of the manufacture and sale, importation, exportation and transportation of intoxicating liquors for beverage purposes. We utterly reject all plans for regulating, or compromising with this traffic, whether such plans be called local option, taxation, license or public control. The sale of liquors for medicinal and other legitimate uses should be conducted by the state, without profit, and with such regulations as will prevent fraud or evasion.

2. No citizen should be denied the right to vote on account of sex.

3. All money should be issued by the general government only, and without the intervention of any private citizen, corporation or banking institution. It should be based upon the wealth, stability and integrity of the nation. It should be a full legal tender for all debts, public and private, and should be of sufficient volume to meet the demands of the legitimate business interests of the country. For the purpose of honestly liquidating our outstanding coin obligations, we favor the free and unlimited coinage of both silver and gold, at the ratio of 16 to 1, without consulting any other nation.

4. Land is the common heritage of the people, and should be preserved from monopoly and speculation. All unearned grants of land, subject to forfeiture, should be reclaimed by the government, and no portion of the public domain should hereafter be granted except to actual settlers, continuous use being essential to tenure.

5. Railroads telegraphs and other natural monopolies should be owned and operated by the government, giving to the people the benefit of service at actual cost.

6. The national constitution should be so amended as to allow the national revenues to be raised by equitable adjustment of taxation on the properties and incomes of the people, and import duties should be levied as a means of securing equitable commercial relations with other nations.

7. The contract convict labor system, through which speculators are enriched at the expense of the state, should be abolished.

8. All citizens should be protected by law in their right to one day of rest in seven, without oppressing any who conscientiously observe any other than the first day of the week.

9. The American public schools, taught in the English language, should be maintained, and no public funds should be appropriated for sectarian institutions.

10. The president, vice-president and United States senators should be elected by direct vote of the people.

11. Ex-soldiers and sailors of the United States army and navy, their widows and minor children, should receive liberal pensions, graded on disability and term of service, not merely as a debt of gratitude, but for services rendered in the preservation of the Union.

12. Our immigration laws should be so revised as to exclude paupers and criminals. None but citizens of the United States should be allowed to vote in any state, and naturalized citizens should not vote until one year after naturalization papers have been issued.

13. The initiative and referendum, and proportional representation, should be adopted.

14. Having herein presented our principles and purposes, we invite the co-operation and support of all citizens who are with us substantially agreed.

National convention, St. Louis, July 22, 1896.

Temporary Chairman.—HON. FRANCIS O. NEWLANDS, Nevada.

Permanent Chairman.—HON. WILLIAM P. ST. JOHN, New York

PLATFORM.

The national silver party, in convention assembled, hereby adopts the following declaration of principles:

The paramount issue at this time in the United States is indisputably the money question. It is between the gold standard, gold bonds and bank currency on one side, and the bimetallic standard, no bonds and government currency on the other. On this issue we declare ourselves to be in favor of a distinctively American financial system. We are unalterably opposed to the single gold standard and demand the immediate return to the constitutional standard of gold and silver by the restoration by this government, independently of any foreign power, of the unrestricted coinage of both gold and silver into standard money, at the ratio of 16 to 1, and upon terms of exact equality, as they existed prior to 1873; the silver coin to be a full legal tender equally with gold for all debts and dues, public and private, and we favor such legislation as will prevent for the future the demonetization of any kind of legal tender money by private contract.

We hold that the power to control and regulate a paper currency is inseparable from the power to coin money, and hence that all currency intended to circulate as money should be issued and

its volume controlled by the general government only, and should be legal tender.

We are unalterably opposed to the issue by the United States of interest-bearing bonds in time of peace, and we denounce as a blunder worse than a crime the present treasury policy, concurred in by a republican house, of plunging the country into debt by hundreds of millions, in the vain attempt to maintain the gold standard by borrowing gold; and we demand the payment of all coin obligations of the United States, as provided by existing laws, in either gold or silver coin, at the option of the government, and not at the option of the creditor.

The demonetization of silver in 1873 enormously increased the demand for gold, enhancing its purchasing power and lowering all prices measured by that standard, and since that unjust and indefensible act the prices of American products have fallen upon an average nearly 50 per cent, carrying down with them proportionately the money value of all other forms of property. Such fall of prices has destroyed the profits of legitimate industry, injuring the producer for the benefit of the non-producer, increasing the burden of the debtor, swelling the gains of the creditor, paralyzing the productive energies of the American people, relegating to idleness vast numbers of willing workers, sending the shadows of despair into the home of the honest toiler, filling the land with tramps and paupers and building up colossal fortunes at the money centers.

In the effort to maintain the gold standard the country has within the past two years, in a time of profound peace and plenty, been loaded down with \$262,000,000 of additional interest-bearing debt under such circumstances as to allow a syndicate of native and foreign bankers to realize a net profit of millions on a single deal. It stands confessed that the gold standard can only be upheld by so depleting our paper currency as to force the prices of our products below the European, and even below the Asiatic, level to enable us to sell in foreign markets, thus aggravating the very evils of which our people so bitterly complain, degrading American labor and striking at the foundations of our civilization itself. The advocates of the gold standard persistently claim that the cause of our distress is overproduction—that we have produced so much that it has made us poor—which implies that the true remedy is to close the factory, abandon the farm, and throw a multitude of people out of employment, a doctrine that leaves us unnerved and disheartened and absolutely without hope for the

future. We affirm it to be unquestioned that there can be no such economic paradox as overproduction, and at the same time tens of thousands of our fellow citizens remaining half clothed and half fed, and who are piteously clamoring for the common necessities of life.

Over and above all other questions of policy, we are in favor of restoring to the people of the United States the time-honored money of the constitution—gold and silver; not one, but both—the money of Washington and Hamilton and Jefferson and Monroe and Jackson and Lincoln, to the end that the American people may receive honest pay for an honest product; that an American debtor may pay his just obligations in an honest standard and not in a standard that has appreciated 100 per cent above all the great staples of our country, and to the end further that silver standard countries may be deprived of the unjust advantage they now enjoy in the difference in exchange between gold and silver—an advantage which tariff legislation alone cannot overcome.

We, therefore, appeal to the people of the United States to leave in abeyance for the moment all other questions, however important and even momentous they may appear, to sunder, if need be, all former party ties and affiliations, and unite in one supreme effort to free themselves and their children from the domination of the money power—a power more destructive than any which has ever been fastened upon the civilized men of any race or in any age. And upon the consummation of our desires and efforts we invoke the gracious favor of Divine Providence.

National convention met in New York City, July 10, 1896.

Chairman.—HON. J. BROFFE, Massachusetts.

PLATFORM.

The socialist labor party of the United States, in convention assembled, reasserts the inalienable right of all men to life, liberty and the pursuit of happiness.

With the founders of the American republic we hold that the purpose of government is to secure every citizen in the enjoyment of this right; but in the light of our social conditions we hold, furthermore, that no such right can be exercised under a system of economic inequality, essentially destructive of life, of liberty and of happiness.

With the founders of this republic we hold that the true theory of politics is that the machinery of government must be owned and controlled by the whole people; but in the light of our industrial development we hold, furthermore, that the true theory of economics is that the machinery of production must likewise belong to the people in common.

To the obvious fact that our despotic system of economics is the direct opposite of our democratic system of politics, can plainly be traced the existence of a privileged class, the corruption of government by that class, the alienation of public property, public franchises and public functions to that class, and the abject dependence of the mightiest of nations upon that class.

Again, through the perversion of democracy to the ends of plutocracy, labor is robbed of the wealth which it alone produces,

is denied the means of self employment, and, by compulsory idleness in wage slavery, is even deprived of the necessaries of life.

Human power and natural forces are thus wasted, that the plutocracy may rule.

Ignorance and misery, with all their concomitant evils, are perpetuated, that the people may be kept in bondage.

Science and invention are diverted from their humane purpose to the enslavement of women and children.

Against such a system the socialist labor party once more enters its protest. Once more it reiterates its fundamental declaration that private property in the natural sources of production and in the instruments of labor is the obvious cause of all economic servitude and political dependence.

The time is fast coming when, in the natural course of social evolution, this system, through the destructive action of its failures and crises on the one hand, and the constructive tendencies of its trusts and other capitalistic combinations on the other hand, shall have worked out its own downfall.

We, therefore, call upon the wage workers of the United States and upon all other honest citizens, to organize under the banner of the socialist labor party into a class-conscious body, aware of its rights and determined to conquer them by taking possession of the public powers, so that, held together by an indomitable spirit of solidarity under the most trying conditions of the present class struggle, we may put a summary end to that barbarous struggle by the abolition of classes, the restoration of the land and of all the means of production, transportation and distribution to the people as a collective body, and the substitution of the co-operative commonwealth for the present state of planless production, industrial war and social disorder; a commonwealth in which every worker shall have the free exercise and full benefit of his faculties multiplied by all the modern factors of civilization.

With a view to immediate improvement in the condition of labor we present the following demands:

1. Reduction of the hours of labor in proportion to the progress of production.

2. The United States to obtain possession of the mines, railroads, canals, telegraphs, telephones, and all other means of public transportation and communication; the employes to operate the same co-operatively under control of the federal government and to elect their own superior officers, but no employe shall be discharged for political reasons.

3. The municipalities to obtain possession of the local railroads, ferries, waterworks, gas works, electric plants, and all industries requiring municipal franchises; the employes to operate the same co-operatively under control of the municipal administration and to elect their own superior officers, but no employe shall be discharged for political reasons

4. The public lands to be declared inalienable. Revocation of all land grants to corporations or individuals, the conditions of which have not been complied with.

5. The United States to have the exclusive right to issue money.

6 Congressional legislation providing for the scientific management of forests and waterways, and prohibiting the waste of the natural resources of the country.

7. Inventions to be free to all; the inventors to be remunerated by the nation.

8. Progressive income tax and tax on inheritances, the smaller incomes to be exempt.

9. School education of all children under fourteen years of age to be compulsory, gratuitous and accessible to all by public assistance in meals, clothing, books, etc , where necessary.

10. Repeal of all pauper, tramp, conspiracy and sumptuary laws. Unabridged right of combination.

11. Prohibition of the employment of children of school age and the employment of female labor in occupations detrimental to health or morality. Abolition of the convict labor contract system.

12. Employment of the unemployed by the public authorities (county, city, state and nation).

13. All wages to be paid in lawful money of the United States. Equalization of women's wages with those of men where equal service is performed.

14. Laws for the protection of life and limb in all occupations, and an efficient employers' liability law.

15. The people to have the right to propose laws and to vote upon all measures of importance, according to the referendum principle.

16. Abolition of the veto power of the executive (national, state and municipal), wherever it exists.

17. Abolition of the United States senate and all upper legislative chambers.

18. Municipal self-government.

19. Direct vote and secret ballot in all elections. Universal and equal right of suffrage without regard to color, creed or sex. Election days to be legal holidays. The principle of proportional representation to be introduced.

20. All public officers to be subject to recall by their respective constituencies.

21. Uniform civil and criminal law throughout the United States. Administration of justice to be free of charge. Abolition of capital punishment.
